CURED OF
ECZEMA
BY
CUTICURA
I had an attack of Eczema, and ordered a box of oxide of zinc ointment. The first application changed the Eczema to hell-fire, which seemed unquenchable. The druggist had used a rancid cerate and I was poisoned. A local physician did not help matters, and everything either failed to help, or made it worse. I was becoming desperate, when I thought of CUTICURA REMEDIES, and dispatched my servant for a cake of CUTICURA SOAP and a box of CUTICURA (ointment). The *first application relieved me* and in *three days I was well.*

TO STOP FIGHTING.

Spain Will Propose an Armistice While Asking for Terms.

QUEEN REGENT IS WORKING FOR PEACE.

LONDON, July 25.—It is announced in a special dispatch from Madrid, published here this afternoon, that the Spanish government has drawn up a message, addressed to the government at Washington, proposing an armistice for the purpose of discussing the terms upon which peace with the United States can be arranged.

THE QUEEN REGENT
ANXIOUS FOR PEACE.

PARIS, July 25.—A special dispatch from Madrid gives the following account of the queen regent's daily life during the present crisis:

"Poor queen! This is the exclamation so often heard of late, day after day, as matters grow worse and worse, as the Spanish disasters repeat themselves and as the throne of the little king seems slipping from her hands, into which it was given in trust.

"I see her majesty looking careworn and anxious. Even her drives are becoming fewer and fewer. It would surely appeal to any mother in the world were she to see the way this queen mother each day seems to cling closer to her boy, as though to shield him from the dangers closing about him with almost fatal force.

"It is very touching to witness it. Her worst enemies recognize in the queen personal qualities worthy of the highest admiration.

"The queen used every means at her disposal to prevent war. Her great hope lay in Senor Moret (Senor Moret y Prendergast, the former minister of the colonies) and he would have carried his point but for Senor Gullon (the former minister for foreign affairs.) Today, and ever since the war began, the great occupation of the queen is to find the quickest way for its termination. At many of the councils of late held at the palace, the queen has burst into tears, begging and urging her ministers to seek a solution for the terms of peace, which they seem incapable of materializing. Peace, which the queen with common sense, sees to be of such vital importance, and which her ministers keep postponing with the word so fatal to Spain —'manua' (tomorrow). The queen has taken every chance offered in the council of putting in a word for peace and, little by little, she has finally managed to bring the cabinet to her view and to thoughts of peace."

HOPE FOR A WAY TO
BRING ABOUT PEACE.

MADRID, July 24, 6 p. m.—(Delayed in transmission)—The correspondent here of the Associated Press has had an interesting conversation with a person occupying a high position in the queen regent's household and whose duties bring him daily into intimate relations with her majesty.

He said the quarrel between Spain and the United States is much easier of adjustment than is generally believed.

The queen regent, he continued, naturally endeavored to avoid war and also she desires an honorable peace. She is quite alive to the force of public opinion and holds strictly to the constitutional laws of the nation.

It is an error to suppose the queen regent is under the pressure of the present or any government, or that she is regardless of public opinion when it is in consonance with the true interests of the Spanish people.

The official quoted then added an important statement, saying:

"The present government will not initiate peace, but a modified cabinet, headed by Senor Gamazo, minister of public instruction, will conclude the negotiations and then retire, and General Polavieja, with a combination including Senor Silvela and General Campos, will reorganize the country.

"Everybody considers that Spain should treat direct with the Americans, whose practical good sense will prevail over spread eagleism."

INTERNAL DISORDER
CONTINUE IN SPAIN.

PARIS, July 25.—Private letters received here from Madrid under date of July 23, say that the internal disorders in the Spanish provinces continue.

Some demonstrations have taken place at Granada, supposed to be due to the opposition manifested towards the octroi tax and local disputes, but in view of the rigorous censorship on all questions of public nole, it is difficult to ascertain the facts.

At Gargia, in the province of Barcelona, a mob recently fired on the gendarmes, and an armed band, said to be composed of jailbirds, has appeared at Bance and Valdorres.

Thus far the efforts of the authorities to capture them have been futile.

Great precautions were taken at the open air theatre in the Buen Retiero Gardens, in Madrid, Friday evening, owing to an unexpected demonstration in favor of General Weyler, who was present, but nothing developed.

SPANIARDS WANT TO
RETURN TO SPAIN.

SANTIAGO DE CUBA, July 24.—Colonel Angel Rosill arrived here yesterday from General Paraje, militarp governor of Guantanamo, to ascertain from General Toral if the report of the capitulation were true. As the result of General Toral's answer the 6,000 Spanish troops at Guantanamo will tomorrow (Monday) surrender and lay down their arms.

This afternoon Lieutenant Miley, of General Shafter's staff, returned from Palma, Soriano and San Luis, where he received the surrender and arms of 3,165 men, of whom 3,005 are Spanish soldiers to be deported.

At first they refused to credit the statement that Santiago had surrendered, but the presence of a Spanish officer who accompanied Lieutenant Miley finally convinced them and then they displayed great delight at the prospect of returning to Spain.

All the surrendered troops are suffering from disease and starvation, and General Shafter has instructed the immediate forwarding of rations and relief. He has informed the Spanish officers that their families will be given transportation to Spain with food at the expense of the government and that the maintenance of the men is provided for by contract.

NO MORE NAVAL
RECRUITS WANTED.

WASHINGTON, July 25.—The navy has suspended for a time its efforts to recruit sailors in the west and Commander Hawley and Chief Engineer Harry Webster, a member of the board, have returned to the navy department.

The work was successful beyond the expectations of the projectors of the trip and the results it is believed will be highly beneficial to the navy generally in infusing to it an element of western blood and brawn that will tend to the nationalization of that service.

LIEUTENANT HOBSON
RETURNS TO NEW YORK.

NEW YORK, July 25.—Lieutenant Richmond Pierson Hobson returned to the city today, after the second visit to Washington since his landing from the St. Paul here on Friday morning. While in Washington he again conferred with Secretary Long concerning the saving of the Cristobal Colon.

PORTO RICAN TROOPS
REACH NEWPORT NEWS.

NEWPORT NEWS, Va., July 25.—The troops which arrived here yesterday were followed in the early hours of today by the Fourth Ohio regiment which came in three trains. The First battalion of the Fourth Pennsylvania regiment came in at 9 o'clock and the Second battalion at 10 o'clock. The Third battalion is expected at 3 o'clock. There are now nearly 4,000 troops in camp in the suburbs of this city. There has been no move yet to embark on transports.

LOCAL LINES.

Miss Anna O'Brein, of No. 225 Washington boulevard, spent Saturday and Sunday at Huntington.

Judge Mock will tomorrow afternoon render his finding in the case of Clara Lockhart vs. the Foster Waist factory.

The date of the Wabash shopmen's excursion has been changed. It will take place next Saturday, July 30, instead of on Saturday, August 6.

An alarm of fire called the fire department to South Harrison street near Woodland avenue, where some boys had set fire to an old barn. Damage was slight.

Fred Stutz has filed an affidavit against a farmer named Hilgemann charging him with Sabbath desecration, working in his garden on Sunday. Stutz's horse broke into Hilgemann's property and was locked up. Stutz replevined the animal and then filed an affidavit against Hilgemann.

ALL WANT TO FIGHT

Soldiers Yet at Camp Thomas Anxious to Leave.

They are Hopeful of Getting Marching Orders.

Will Take Two Weeks to Move the First Corps.

Not More Than One Brigade Can be Handled in a Day--Hard Drills the Order.

CHICKAMAUGA, National Military Park, Tenn., July 25.—No orders fixing the time for the departure of the remaining regiments of the First corps have been issued at Camp Thomas and these regiments, although expecting such orders every hour, are maintaining their regular routine. Things are progressing as usual all over the big camp.

Major General J. F. Wade, the new commander, has made no change in the method pursued by General Brooke and states that he will not do so. The indications are that the entire First corps will not get away for some time.

Many of the officers in the second division, first corps, do not expect to leave Camp Thomas for Porto Rico within a week or ten days.

The officers are of the opinion that the division cannot move before this time for several reasons. In the first place, the second brigade of the first division is still at Camp Thomas and possibly will not leave before Wednesday. It will take the brigade until the next day to move out from Rossville, and this alone will cause a delay until almost the end of the week.

With one or two exceptions all the first corps regiments are entirely equipped. In these cases where anything is lacking it is only of a minor nature and will not hinder the regiment going forward on its expedition to Porto Rico.

As each brigade consists of about 4,000 men, and as there are seven brigades to go out, this will cause a removal from Chickamauga of 28,000 men in addition to those already gone.

It will require 150 cars of all kinds for each brigade or 1,050 for the seven brigades.

To move one brigade a day is a big job and unless the troops embark at both Rossville and Ringgold no more than this number can be handled daily.

Then it will require at least a day between to collect cars and will take two weeks at the very least to move the seven brigades. This morning at 6 o'clock the first brigade, second division, first corps, turned out for another brigade drill. This command is composed of the First Georgia, Thirty-first Michigan and One Hundred and Sixtieth Indiana. General Poland has ordered a brigade drill every day this week. The rifle practice will be continued.

HIS ARM CRUSHED.

Martin Nolan Bumped by a Street Car.

His Shoulder Broken and Arm Crushed to a Pulp--Ernest Breimeyer's Narrow Escape.

Martin Nolan, driver of E. K. Bush's delivery wagon, was seriously injured Saturday evening about 7 o'clock. He was driving along Spy Run avenue near the Superior street bridge on the street railway tracks. A street car came along behind and bumped into his wagon throwing Nolan to the ground, toppling the wagon on top of him. He was taken to Hope hospital and an examination made of his injuries. It was found that his shoulder blade was broken and the upper part of the arm crushed almost to a pulp. It was impossible to take a stitch in the injnred member.

A NARROW ESCAPE.

Ernest Breimeyer and one of his employes had a narrow escape this morning while at work in the store building being erected on Calhoun street by C. Stellhorn. They were in the cellar when a big stone, part of the curbing along the sidewalk toppled into the cellar. It grazed Mr. Breimeyer's head and made a couple of scalp wounds and struck the employe on the arm, tearing off the skin from the shoulder to the wrist.

THE PEOPLE IN IT.

Three Hundred Thousand Persons Will Receive Bonds.

WASHINGTON, July 25.—A treasury statement shows there are about 300,000 persons to whom bonds under the government's popular loan will be allotted. All persons offering to take $1,500 or less will receive bonds. The first shipments of the new bonds were made today.

The officers of the Allen County Orphans' home are in session at the home this afternoon examining plans for the new addition to be erected to the present building. Such a large number of orphaned children have been sent to the home that it has been found impossible to properly care for them in the present quarters.

An affidavit has been filed in 'Squire France's court charging William Thompson with assault and battery on Rachel Ann Malott.

BROOKE HAS SAILED.

Commander of Porto Rican Expedition Gets Away to the War.

TROOPS WILL BE SENT WITH ALL DISPATCH

WASHINGTON, July 25.—Major General Brooke, commanding the First army corps, will sail today from Newport News to join General Miles at Porto Rico. The general will embark on the St. Louis and as he will proceed immediately without waiting for the whole of his command he should arrive off Porto Rico sometime Friday or Saturday. The St. Louis will be accompanied on the run down the coast by the St. Paul, on which will be the headquarters of General Haines. The remainder of the troops in Chickamauga will be embarked at Hampton roads as rapidly as possible, and it is expected that the last of them will be aboard ship by Wednesday.

The reported boarding of a German steamer off San Juan, Porto Rico, by a launch from an American naval vessel is taken at the war department to confirm its belief that General Miles has arrived there.

It is recalled, however, that some of the vessels of the auxiliary fleet have been blockading San Juan, and it may be that it was a launch from one of these vessels instead of from Miles' fleet that was seen by the German vessel.

However, the department has no manner of doubt that Miles is off Porto Rico, and as all of the details of the expedition are moving with precision, there is every reason to believe that the troops will be all ashore by the end of the week.

Colonel Hecker, who is directly in charge of the transportation arrangements here, returned to Washington from Fortress Monroe, entirely satisfied with the progress being made there in the embarkation of General Brooke's command.

GENERAL SHAFTER
PRAISES THE ARMY.

SANTIAGO, Cuba, July 22, 2 p. m.—Following is Major-General Shafter's order just published:

"Headquarters United States Troops in Cuba, Santiago de Cuba, July 19.—General order No. 26:

"The successful accomplishment of the campaign against Santiago, resulting in its downfall and the surrender of the Spanish forces and the capture of large amounts of military stores, together with the destruction of the entire Spanish fleet in the harbor, which, upon the investment of the city, was forced to leave, is one of which this army can well be proud. This has been accomplished through the heroic deeds of the army, and to its officers and men the major-general commanding offers his sincere thanks for their endurance of hardships heretofore unknown in the American army. The work you have accomplished may well appeal to the pride of your countrymen, and has been rivaled upon few occasions in the world's history. Landing upon an unknown coast, you faced dangers in disembarking and overcame obstacles that, even in looking back, seem insurmountable.

"Seizing, with the assistance of the navy, the towns of Baiquiri and Siboney, you pushed boldly forth, gallantly driving back the enemy's outpost in the engagement of La Quasina, and completed the concentration of the enemy near Sevilla, in sight of the Spanish stronghold in Santiago de Cuba. The outlook from Sevilla was one that might well have appalled the stoutest heart. Behind you ran a narrow road, made well nigh impassable by rails, while to the front you looked out upon high foothills covered with a dense tropical growth, which could only be traversed by bridle paths terminating within range of the enemy's guns.

"Nothing deterred, you responded eagerly to the order to close upon the foe, and, attacking at Caney and San Jaun, drove him from work to work until he took refuge within his last and strongest intrenchments, immediately surrounding the city.

"Despite the fierce glare of a southern sun and rains that fell in torrents, you valiantly withstood his attempts to drive you from the position your valor had won. Holding in your vise-like grip the army opposed to you, after seventeen days of battle and siege you were rewarded by the surrender of nearly 24,000 prisoners, 12,000 being those in your immediate front, the others scattered in the various towns of eastern Cuba, freeing completely the eastern part of the island from Spanish troops.

"This was not done without great sacrifices. The death 230 gallant soldiers and the wounding of 1,284 others, shows but too plainly the fierce contest in which you were engaged. The few reported missing are undoubtedly among the dead, as no prisoners were lost.

"For those who have fallen in battle with you, the commanding general sorrows, and with you will ever cherish their memory. Their devotion to duty sets a high example of courage and patriotism to our fellow-countrymen. All who participated in the campaign, battle and siege of Santiago de Cuba will recall with pride the grand deeds accomplished and will hold one another dear for having shared the sufferings, hardships and triumphs together. All may well feel proud to inscribe on their banners the name of Santiago de Cuba.

"By command of

"MAJ-GEN. SHAFTER.

"E. J. M'CLERNAND, Assistant Adjutant-General."

MORE SPANIARDS
HAVE SURRENDERED.

WASHINGTON, July 25.—The war department at midnight posted the following:

"Santiago, via Hayti, July 25, 1898.—Adjutant General of the Army, Washington: Lieutenant Miley has returned from San Luis and Palma Soriano, where he went four days ago to receive surrender of Spanish troops. The number surrendered was larger than General Toral reported; 3,005 Spanish troops and 350 volunteer guerillas gave up their arms and gave parole and have gone to work; 3,000 stands of arms were turned in, loaded on ox carts and started to the railroad. Spanish troops accompanied him to San Luis and all were apparently greatly delighted at the prospects of returning home. They were on the verge of starvation and I have to send them rations tomorrow. If the number keeps up as they have there will be about 24,000 to ship away—nearly 12,000 here; 3,000 from San Luis, 6,000 from Guantanamo and over 2,000 at Sagua and Baracoa.

SHAFTER,
"Major General Commanding."

SAMPSON'S OFFICIAL
REPORTS TOMORROW.

WASHINGTON, July 25.—The official reports concerning naval operations off the east coast of Cuba culminating in the destruction of Admiral Cervera's fleet will be made public by the navy department tomorrow afternoon for publication in the newspapers of Wednesday morning. A statement to this effect was made by Secretary Long today.

The delay in giving them out is said to be due to the fact that they cannot be copied before tomorrow afternoon. There are several reports and they include nearly a complete history of the naval operations around and about Santiago. The principal report is made by acting Admiral Sampson as commander-in-chief of the naval forces in Cuban waters and is accompanied by the report made to him by Commodore Schley, who was on the cruiser Brooklyn in active command of the fleet which destroyed the Spanish fleet; by Captain Evans, commanding the battleship Iowa; by Captain Clark, commanding the battleship Oregon, and Captain Taylor, commanding the battleship Indiana.

The reports of Captain Philip, commanding the battleship Texas, and Commander Wainwright, of the auxillary cruiser Gloucester, which vessels took a prominent part in the chase and destruction of the Spanish vessels, will be withheld for publication at a subsequent date.

Secretary Long said that in view of the decision to give the reports out in full tomorrow evening he did not feel at liberty at this time to disclose even the general character of their contents. In response to a direct inquiry he did say, however, that Admiral Sampson's report was a plain statement of the facts connected with the destruction of the Spanish fleet, and "showed consequently that there was no friction between the officers" in connection with it.

The officials of the navy department decline to say anything about how the reports came to the navy department, further than to reiterate their first statement that they were not brought to Washington by Naval Constructor Hobson.

The supposition is that they were brought to New York on the auxiliary cruiser St. Paul and sent from New York to Washington by mail.

POWER IS HERE.

President of the Inter-State League in Town.

Comes to Settle Affairs of Fort Wayne Club.

Wheeling Wants a Franchise in the League at Once.

President Power Wants Fort Wayne to Remain and Keep the League Intact--a Meeting Tonight.

President C. B. Power, of the Inter-State league, arrived in the city at an early hour and is today investigating the affairs of the Fort Wayne base ball club. A SENTINEL reporter talked to Mr. Power, who said:

"I was greatly surprised when word was telegraphed me that the affairs of the Fort Wayne team were in a chaotic state. Affairs at Springfield have been fixed up and I would be satisfied if every town was in as good shape as that city I want the franchise to stay in Fort Wayne, as it is an indication of weakness to transfer any club from one town to another. Wheeling wants a franchise and the company organized there was very much disappointed in not getting the Springfield franchise. Saturday evening I talked with the Wheeling people and they requested me to keep them posted on what Fort Wayne intended to do With the circuit remaining intact the Inter-State will rank as the staunchiest little league in the country. I do not believe that a progressive city like Fort Wayne can afford to quit and there is every reason why your citizens should hold the franchise. Fort Wayne will be given every chance and if necessary I will remain here until Tuesday evening."

Mr. Power met several local lovers of the game this morning and arrangements have been made for a meeting in the parlors of the Randall hotel this evening when the situation will be thoroughly discussed. The gentlemen to whom Mr. Power talked expressed themselves in favor of doing something to retain the club and out of tonight's meeting should grow a stock company which will insure Fort Wayne's staying in the Inter-State league. With a team winning a fair per cent. of its games there will be no necessity to lose any money. The business men should not allow it to be transferred and let the statement go out to the world that Fort Wayne was not as progressive as the other seven cities. Should the necessary funds not be forthcoming, Mr. Power will undoubtedly transfer the franchise to Wheeling, and the Toledo games, beginning next Thursday, will be played in the Nail City. A last opportunity to retain the club is now at hand. Attend tonight's meeting, even if you can not help retain the club.

ANOTHER POLE.

Flag Will be Hoisted at the Home of W. T. Connett.

Hon. James M. Robinson Will Deliver an Address--Mrs. Connett Made the Flag in Honor of Her Soldier Son.

There will be a flag raising out on Miller street at 7:30 this evening. The affair takes place at the home of Mr. and Mrs. W. T. Connett and will be attended by the members of the Knights of Pythias, the employes of the electric works and the citizens of that part of the city. Hon. J. M. Robinson will deliver the address. The knights will meet at the corner of Broadway and Taylor street and, headed by a band, march to the Connett home. The flag was made by Mrs. Connett, in honor of her son, Corporal John Edward Connett, of Company B, One Hundred and Fifty-seventh regiment, now en route to Porto Rico. It is twelve feet four inches long, eight feet four inches wide and is a most beautiful banner. Mr. and Mrs. Connett promise to make it pleasant for all who favor them with their presence this evening.

James, the little son of Mr. and and Mrs. George Schuler, died yesterday at the home of William Beatty, No. 599 South Calhoun street. Mrs. Schuler was en route to her new home in Cincinnati and stopped in Fort Wayne for treatment. She was accompanied by her little daughter and son. The latter, aged two years, was attacked with dysentery and died. The funeral will occur tomorrow afternoon at 2 o'clock from the Beatty home.

County Clerk Harry Metzgar informs THE SENTINEL that under the new revenue law every return of a marriage by a minister who performed the ceremony must bear a ten-cent stamp. No stamp is demanded when the application is made and the person who performs the ceremony and makes the return to the clerk is expected to pay the ten cents.

Clara Russell denies the statements made in the morning papers that she attempted suicide. She had been taking laudanum for the toothache and possibly got too much and while out of her head made statements which she did not mean. As for suiciding, the girl claims no such idea ever entered her head.

A FIGHTER'S VIEW.

Gen. Charles King Says Merritt Will Need Fifty Thousand Men.

BELIEVES AGUINALDO HARD TO HANDLE.

SAN FRANCISCO, Cala., July 25.—It is understood that Brigadier General Chas. King will be in command of the next Manila expedition.

He will probably go either on the Arizona or Scandia. Brigadier General Miller, now commander of the Presidio, probably will remain for the present, at the expressed desire of General Merriam.

Referring to the men to go to Manila, General King said:

"It is my personal opinion that every man of the expeditionary forces will be wanted in the Philippines and will go there. Even should Manila be taken from the Spanish and the war settled in the orient, as far as Spain is concerned, with the forces now there or already ordered to depart, yet it is not to be doubted that General Merritt would be glad to have 50,000 before he is through with Aguinaldo.

"General Merritt and the men at the Presidio may rest contented that they will see all of the Philippines they desire."

IN INFERNAL MARCHINE
FOUND ABOARD SHIP.

NEW YORK, July 25.—A letter written to a prominent officer here in this city by Captain William C. Brackley, of the refrigerating and supply ship Port Victor, says that an attempt was made to blow up the ship when she was three days out. He said that a box containing thirty pounds of dynamite and guncotton was found, without any address, on the main deck of the steamer. A clock-like mechanism had been arranged by which the explosives were to be set off. The box and explosives were thrown into the sea. The Port Victor left New York July 14.

SOLDIERS IN CUBA
SOON TO BE PAID.

WASHINGTON, July 25.—Major Sniffen, of the pay corps, will sail from New York tomorrow on the Olivette for Santiago accompanied by three paymasters. They will begin the payment of troops on their arrival and in a very short time will be joined by other paymasters, who will assist in paying off General Shafter's army and then will proceed to Porto Rico to pay off the army of General Miles.

A rather interesting question has arisen in regard to the payment of troops. A telegram has been received from General Shafter requesting that gold and paper be sent to Santiago as the tradesmen there refuse to accept American silver dollars at their par value and rate them at fifty cents on the dollar like the Mexican dollars and dollars of South American countries.

It was Paymaster General Stanton's intention to send as little silver as possible, confining it mostly to subsidiary coin for the purpose of making change on account of the greater convenience to take gold and paper, and he will continue to do so.

Considerable indignation is expressed that American money of any kind is discounted and a suggestion has been made to the secretary of war that any tradesman who refuses to accept United States money of any kind at 100 cents on the dollar should be removed from any territory over which the American flag floats. It is not known that any orders will be sent to General Shafter on the subject, although the suggestion has been made that American money should not be allowed to be questioned by the countries occupied by United States troops. The supposition is that refusal to accept silver dollars is the result of the long use of the silver of Mexico and the South American countries, which has never passed for more than half its face value.

SANTIAGO CUBANS
ARE DISORDERLY.

NEW YORK, July 25.—Dispatches to the World from Santiago say:

The Cuban insurgents, encouraged by the correspondents of a sensational New York newspaper, are retarding the work of Military Governor Wood in restoring order in the city.

They are still disgruntled because the town was not delivered over to them.

The Spaniards are accepting the change of government in Santiago with good grace.

The insurgent forces have left the American camp and gone twenty miles into the interior. They have been warned, under the threat of extreme penalty, not to molest Spanish residents or return to the old system of brigandage.

There were fifty funerals here yesterday of refugees, who died as the result of the scarcity of food at El Caney.

Santiago is still short of food. The streets are full of beggars.

The householders have been ordered to clean their houses. A big sanitary force is at work. There is great need among the Americans of lemons and preserved acid fruits.

The Spanish company having the contract for the deportation of Spain's surrendered troops has notified them by cable to be ready to start next week.

The American heroes during the heat of the fighting, compelled to force every step of their way, were buried where they fell, with scant ceremony of war.

Near the Quasina block house, which the Rough Riders stormed and took some days previous to the battle of San Juan, twenty-five are buried in one grave.

Chaplain Vandewater, of the Seventy-first New York, said the burial service twenty-five times in one day.

The bodies of Captain Capron and Sergt. Hamilton Fish were buried here. Both were taken home on the steamer Hudson, which started Thursday, by Nicholas Fish, father of the dead sergeant.

At the last ford before San Juan hill it is estimated that forty of our men were buried in trenches. Twenty lie in the trenches at the foot of the hill at Caney.

Owing to the necessity of feeding the starving, caring for the wounded and establishing an orderly government in the province, the reinterment of the brave men buried in the jungles has been impossible. Ultimately, however, they will be given a proper burial. Only the bodies of the officers will be sent home. Coffins will be provided for the men.

A GRUESOME FIND.

Child's Coffin Discovered in the St. Mary's River.

Grave Robbers Had Probably Stolen From it a Corpse--Prisoners in Police Court--Police News.

In the vagrants' cell at the police station is a child's coffin, which was found in the St. Mary's river at the foot of Calhoun street this morning by two boys.

William Sessler, of No. 16 Grand street, and Jesse Fulton, of No. 16 Bass street, were fishing along the banks of the St. Mary's river, and there noticed something in the willows not far from where they stood. The lads investigated and found a child's coffin a little more than three feet long. On the top was a long glass and the bottom was badly rotted. The police were notified and took the gruesome find to the police station. Within the coffin was an old black skirt. The officers believe that the coffin was placed in the river by grave robbers, who had not time to put it back in some grave they had been desecrating. The skirt was probably intended to carry away the body of the child but was not needed, and was, therefore, placed in the discarded coffin.

POLICE COURT.

Sergeant Harkenrider and Officer Strodel Saturday evening raided the rooms over No. 51 East Main street and arrested Eva French and Bess Elward and five men. In police court this morning the women and three of the men forfeited bail and two of the men went to jail.

Charles Osborne, the lad captured Saturday while robbing a Wabash car, was bound over in the sum of $200.

Arthur Martin and Emma Marshall were arrested in White's barn east of the city this morning by Officer Hobbs. The woman claimed to be Martin's wife, but the police claim to know better. The couple were indulging in beer when arrested.

John Distler accumulated a "jag" and insulted women on the streets and Officer Elliott arrested him. Mayor Schoeff this morning assessed a fine of $14.50, which Distler didn't pay and went to jail.

Merchant Policeman Patrick O'Ryan saw two men trying to get into Ed Pauley's saloon this morning. They ran and he fired at them. A cry heard immediately after the shots would indicate that one of the fellows was hit.

Oscar Jump, of Milan township, was shaking hands with Fort Wayne friends today. He was elected delegate to the republican convention from Milan.

SPAIN is figuring on a new cabinet and probably wants one that can hold together long enough to conclude peace.

SPANISH soldiers at Santiago will do some valuable missionary work when they return to Spain. They are getting good impressions of Americans.

GARCIA don't want to play in Shafter's yard, but he'll be sorry when he sees him sliding down new cellar doors in Havana and other nice places.

NO WONDER Spain mourns over her honor and the American disregard of international law! Here is Gerald O'Grady, a Rough Rider, writing from Cuba to his home in the state of New York that when on a scouting expedition, with nothing but an unloaded pistol, he was attacked by an armed Spanish soldier, who had just killed his companion, he "punched the enemy in the nose with his fist and knocked him silly." By all the rules of civilized warfare Gerald should have submitted to being killed or captured.

THE British ship Oldfield, passing twenty-five miles from the spot where the Bourgogne went down, sighted 150 or 200 floating bodies, many of them women and children. They were supported by life belts. The spectacle throw additional light on the facts of the Bourgogne disaster, showing that there was time after the ship was struck for the passengers to prepare themselves to take to the water. Had there been boats provided, or had these women and children not been driven from the few boats cut loose, these lives would have been saved.

THE "unspeakable Turk" is unspeakably a Turk on all occasions and under all circumstances. Among the foreign military and naval officers who came from Siboney, Cuba, with the transport Seneca was Enver Pacha, of the Turkish army. All these foreign military and naval attaches were provided with comfortable and commodious quarters at the start and the Turkish general was the only one of them who refused to give up his state room or any part of it to the sick and wounded.

ROBERT B. ROOSEVELT, former minister to Holland, who is vice president of the Empire State Society, Sons of the American Revolution, is exercised over the alleged incompetency and corruption in the commissary department of the army, and suggests the formation of a committee of the Sons of the American Revolution to investigate the matter thoroughly and make the guilty suffer. He is very much in earnest, and the committee will probably be appointed and given sufficient authority to accomplish something.

TO J. M. CEBALLOS, of the Spanish trans-Atlantic steamship line which has received the contract for carrying the Spanish prisoners home from Santiago, must be accorded the honor of adding to the war its crowning burlesque feature. Some of the vessels to be used belong to Admiral Camara's fleet and some have been hiding in South American ports anxious to get home, but fearful of capture. All of them are a portion of Spain's maritime commerce, a prey to the enemy wherever it can be found, and now these ships are to creep out of hiding to earn three quarters of a million dollars in carrying the enemy's prisoners under the enemy's convoy. If Spain only had a sufficient number of starving garrisons to surrender, she might, by taxation of the profits of transporting them home, secure from her antagonist enough money to carry on the war for a long time. Possibly we have underestimated Spanish enterprise after all.

THE BIG MOSQUITOES

Make Life Unpleasant for the Boys at Tampa.

The Fort Wayne Soldiers Hope to Go to Porto Rico—Some of the Boys Who are Ill.

THE SENTINEL is in receipt of the following interesting letter:

PORT TAMPA CITY, July 22, 1898.

TO THE SENTINEL:

As many of our Fort Wayne friends seem to think that we are lost in the Florida swamps, the boys thought we should send you a few words to let them know that we are not, even though Uncle Sam has lost track of us and left us down here to the tender mercies of the Florida mosquitoes. For the last week we have been bothered greatly by them. They appear to be about the size of a common house fly, but when they alight it makes one think he has been kicked by an army mule.

A death occurred in our regiment yesterday morning—the first since we were ordered out. It was that of First Lieutenant Charles Slade, Co. C, of Goshen. He was a member of Tonawanda tribe No. 130, I. O. R. M. The whole regimant had been ordered to attend the funeral at 6:30 in the evening, and to escort the remains to the train. Owing to the heavy rain the order was countermanded and another one issued, that we did not have to go unless we wished. Only two companies turned out, B and G, of Fort Wayne. We had to wade through mud and water up to our kness.

We expect to be moved to Fernandina, Fla., but we do not know how soon. Some of the papers say that our regiment is included in the list of those to go to Porto Rico, but we have heard nothing of it. We all hope to go with the first expedition.

Privates Wm. Richards and Paul Roepka, who have been quite sick, were discharged from the hospital today. Private George Butler, who has been sick in quarters a few days, was taken to the hospital. No doubt he will be all right in a day or two. Lieutenant Korr, who has been feeling very sick for some time, is feeling much better.

Wednesday morning the regimental trumpeter sounded the call "to arms." Company G was the first of our battalion on the parade ground; time, two minutes and forty seconds. Company B made it in two minutes and fifty seconds. The regiment was formed in three minutes, twenty seconds

CHOSE DELEGATES.

Republicans Select the Men Who Will Name Candidates.

A Majority of the State Delegates are Supposed to be for Major Wilson for State Auditor.

The republicans Saturday evening selected delegates to the state, senatorial and county conventions. There was no contest except on state delegates. An effort was made to send a delegation opposed to Major G. W. Wilson, who is a candidate for state auditor. The fight against him was successful in only three wards, the First, Third and Fourth. It is believed one or two other delegates may not support him, but it is certain he has two-thirds of the city delegates. In the First ward C. R. Higgins, one of the defeated candidates for delegates, alleges that the primary was illegally conducted and may contest. The delegates chosen are:

First ward—J. H. Bilderback and Jacob Funk.

Second ward—R. B. Hanna and E. K. Dorr.

Fourth ward—Col. R. S. Robertson and R. B. Dreibelbiss.

Fifth Ward—Samuel Morris, John W. Sale and G. W. Wilson.

Sixth Ward—Theodore Thorward, John Morris, jr., and Wilmer Leonard.

Seventh Ward—George Huber.

Eighth Ward—A. H. Dougall and George Solliday.

Ninth Ward—Drs. C. E. and J. E. Stults.

Tenth Ward—Frank Alderman and T. Devilbiss.

Adams Township—R. S. Bell.

Wayne Township—Charles Fairfield.

St. Joe Township—Fred Geibel.

Jefferson Township—Caleb Townsend.

Washington—Elmer Leonard and Mr. Cook.

Lake—Jacob Coulter.

There were bitter contests in the Second and Third wards, W. E. Clapham and John T. Dougall losing in the second and Dr. L. A. Worch and Henry Stouder in the Third. In the Fifth a printed ticket was sprung with Major Wilson's name not on it, but the ticket secured only ten votes.

A party composed of Mr. and Mrs. Osborn, Mr. and Mrs. Perry, Mr. and Mrs. C. G. Fox and Mrs. Cohagan went to Lake Everett to camp Saturday and Sunday. All had a good time fishing.

IMPORTANT VISIT.

Ambassador Von Holleben's Call at the White House.

He Bore the German Emperor's Message of Friendship and Good Will to the President.

CHICAGO, July 25.—The Record prints the following special this morning from its Washington correspondent:

Too little attention has been paid to the visit which Mr. Von Holleben, the German ambassador, made at the white house last Friday. It was the most important event in the diplomatic history of the war since the joint visit of the four ambassadors last April, and has a profound significance in connection with the attitude of Germany toward the Philippine islands and our policy in the east. There has never been any concern on the part of the president and others in authority about the interference of the Germans in our affairs, and now such a thing is impossible. No attempt is made on either side to conceal the fact that Mr. Von Holleben visited the president for the purpose of presenting a personal message from his imperial highness, and while the words have not been disclosed the general character of the message was entirely satisfactory.

When an ambassador from a foreign country calls upon the ruler of the government to which he is accredited, it is always an event of importance and significance. It does not occur very often. I do not believe that any ambassador called at the white house while Mr. Cleveland was president nor while Mr. Harrison occupied that office; nor did President McKinley receive any such distinguished visitors until after the beginning of the war. The German ambassador came all the way from New London with the thermometer at ninety-six in the shade on Friday, and returned to his summer home after less than four hours in Washington. He took the trouble also to make an appointment by telegraph in advance. Mr. Von Holleben has been in this country more than a year. He has met the president repeatedly in society, at white house dinners, receptions and other official functions, but never called upon him in this manner before, nor would he have made a very disagreeable journey this time if he had not been intrusted with a message from the emperor of Germany. A message from the prime minister or the minister of foreign relations would have been delivered through the secretary of state. The president of the United States does not receive communications from subordinates of other governments except through a subordinate of his own; only sovereigns send their communications direct. Hence the German ambassador could have gone to the white house for no other purpose than to convey an expression of friendship and good will from the kaiser. In view of recent incidents in the Philippine islands and recent publications in Europe and the United States, the visit was very gratifying to the president.

TIME FOR BLOW IS FIXED.

Carlists Will Rise the Moment Peace for Spain Seems Assured.

LONDON, July 25.—The Madrid correspondent of the Daily Mail says:

"The government is closely watching the Carlists throughout the country. Carlist clubs have been requested to furnish complete lists of members, with addresses, and many will probably close rather than comply.

"I have reason to know that when the time comes the outbreak will be general, but Don Carlos will not give the signal until peace is concluded or until it is known that the peace conditions will be such as to provoke the people to indignation. Marquis De Cerralbo, the representative of Don Carlos here, has gone to Brussels to confer with his chief."

The Madrid correspondent of the Times says:

"There is still much talk about Carlist intrigues and preparations, but the government, though vigilant and ready to act energetically if necessary, seems to think that at present there is no serious danger of untoward developments.

"The danger of republican movements is still less. Emilio Castelar has just rendered a service to the cause of order by publishing a long letter, in which he impressed upon all good Spaniards the necessity of sinking party differences and remaining firmly united at the present critical moment.

"'Patriotism, like the church,' says Castelar, 'imposes unity on us, and if unity does not exist let us be silent on the subject.'

"The project of presenting him with an address of confidence signed by 100,000 of his admiring fellow citizens, has been indefinitely postponed."

MILLS ARE BEING CLOSED.

Wire Nail Trust is Carrying Out Its Threats in Indiana.

ANDERSON, Ind., July 25.—The wire nail trust, which has already closed its plants at Salem and Findlay, Ohio, and Beaver Falls, Pa., because the workmen would not stand a heavy reduction of wages, began today carrying out their threats to close the Anderson plants for the future. They also threaten to do the same thing at Cleveland.

POSSIBILITIES IMMENSE.

So Declares a Mining Expert of the Klondike Gold Fields.

SAN FRANCISCO, July 26.—C. P. Kines, who represents a New York syndicate, has returned from the Klondike, which he regards as the richest mining region in the world. He said in an interview:

"What greatly impressed me is the wealth and extent of the bench claims. As an instance I saw a claim on the ninth tier in French Gulch which appeared to be 1,000 feet above the creek bed, which was turning out $1,000 per day. What extent of territory this class of ground covers no man knows, and the development of the diggings will probably occupy years. As to quartz ledges, after careful investigation, I am strongly inclined to the belief that they no longer exist in that region. As to the future possibilities, I would say that they are apparently immense."

CRAIG HEARD FROM.

Writes an Interesting Letter From London.

He Tells of the Fire on Board the Catalonia—Sunday School Delegates Welcomed in London.

NO. 40 BEDFORD PLACE,
RUSSELL SQUARE,
LONDON, ENG.,
July 11, '98.

SENTINEL:

The steamer Catalonia, with her 204 delegates, arrived at the docks in Liverpool at 6:10 Sunday morning. The trip was a very pleasant one, notwithstanding a few things which were not down on the program. The second day and night out we encountered a very heavy fog, which was disagreeable and particularly so as the deafening sound of the fog whistle sounded ten seconds out of each minute.

On Wednesday night, July 6, between 11 and 12 o'clock, imagine our feelings when we were apprised that the steamer was on fire and in a few minutes nearly all the passengers except the steerage were up on the hurricane deck. The fire was in the aft hold of the ship and had gained considerable headway before discovered. It was hard to fight through the hatch-way, but the crew was well trained as well as noble, and be it said to the credit of the passengers they kept their heads. This was largely due to the extreme coolness of the crew. The night was calm, but very dark, and when by a very careful estimate of the life saving capacity it was learned that the sixteen life saving boats and 1,300 life presovers would accommodate double the number of persons on board, our fears were allayed greatly. It was not until 2 o'clock that the fire was entirely subdued. Several bales of cotton had to be cast overboard, the fire having gotten such a hold upon them.

Nothing else aside from a half day of rough sea came to mar the pleasure of the trip and at 7:10, just one hour after we tied up at the dock, the order came to go ashore. Those having only hand "luggage" were not detained in the custom house at all.

By a unanimous vote on Saturday morning, knowing then our arriving time in Liverpool, we decided not to proceed to London Sunday, but rest in Liverpool. The delegates scattered about to the different hotels, myself and thirty-eight others going to the Shaftsbury, on Mount Pleasant hill. At this hotel they have morning and evening worship in the parlors, the pro prietor leading. The proprietor informed me he had kept up this practice since he took charge of the place. The good Christian people of Liverpool found at their morning services here and there throughout the city the presence of about 200 "Hamericans," all wearing their badges. We are kindly received everywhere, and a reception was tendered the delegation at the Y. M. C. A. after the evening services.

At 6:02 this morning we left, via the London and Northwestern railway, by special train, arriving in London at 10:15. The headquarters of the committee are at 56 Old Bailey street. By noon all had received their necessary credentials and were located.

It is no more trouble to find your way about London than the larger cities of the United States.

From 3 to 6, by special request, the thousand delegates who had arrived, were conducted through the large six story building of the British and Foreign Bible society, situated at 140 to 148 Queen Victoria street. Here tea was served in the spacious library and committee rooms, and we were given our first welcome to London. The welcome address was delivered by Dr. Wright, whom everyone knows who reads the Sunday School Times, by his splendid articles. This evening from 7 to 10, we are to be entertained at the Mansion House by the lord mayor and the lady mayoress of London.

Profound sorrow filled our hearts when, at the meeting at the bible house, the names of the four delegates from Wisconsin who lost their lives in the disaster which befell the French steamer, were announced.

The Fort Waynes have braced up and won two games in succession. The games played Saturday and yesterday indicate that the Hoosiers have all the ability necessary to defeat any team in the Inter State league, and the change in management seems to have induced the boys to put up a gilt edged article of ball. Although it rained after dinner almost 400 people saw the Fort Waynes take a scalp from the Youngstowns. The grounds were muddy and prevented perfect fielding and many hits were credited which on better grounds would have been outs. Martin and Reiman were opposing twirlers and while both were batted hard the Fort Wayne's hits counted most. Griffin, Hickey and Flood had their eyes on the sphere, Griffin securing three doubles, Hickey two doubles and a triple, and Flood three singles. And these hits all came when they counted. Griffin and Fisher played elegant ball, and in spite of the mud ate up several apparent base hits. The best work of the visitors was done by Steen, Pender and Cooke in the field, and the outfielders excelled at the bat. The umpiring of O'Meara and Alloway was eminently satisfactory. The team has shown its quality and there should be big crowds out to see the three Toledo games, commencing Thursday. Score:

HERE IS A WARNING.

Wheeling News: "A prominent local business man has been negotiating with President Powers for a franchise for some time past, and that official has virtually promised him the first vacancy. About the only reason why he wants to take it is because he wants to hold it for next year, when it is probable, if the war is over, there will be some money in the sport. So far all the Inter-State managers have lost money, and it is remarkable that they have held out so long."

SPRINGFIELD WILL REMAIN.

SPRINGFIELD, O., July 25.—The infusion of new blood into the Springfield Base Ball Club company, which is to be reorganized soon under different management, and the recent financial crisis which came very near ending in the transfer of the franchise to Wheeling, has been instrumental in working up more interest in the team than there has been at any time this season. The change in the management of the company will not directly affect the team in the least, however, as Manager Whistler is to remain in sole charge of it, as he has been all season. The call for aid in keeping the team here is being quickly responded to, and enough money has already been subscribed to practically insure the retention of the team here. Since the club came so nearly leaving the city the week day attendance has been larger than it has ever been this season. The new plan of making every day ladies' day, and charging the women fifteen cents for admission to the grounds, allowing them free access to the grand stand, has so far worked well, and it is thought that it will be a great benefit to the team.

NOTES.

Reiman and Hickey did not accompany the Fort Wayne team to Grand Rapids this morning.

The Yales defeated the City Juniors by a score of 6 to 3. Batteries—Yales, Hinkle and Templar; City Juniors, Sessler and Mulhearn, Shoaff and Robison.

The Lillies beat the Pleasant Hills yesterday by a score of 18 to 17, on the Pleasant Hills' grounds, corner of Lillie and Edgerton streets. Batteries—Pleasant Hills, Meisner, Streider and Freedman; Lillies, Hughes and Hohnhaus.

Everybody interested in seeing the Fort Wayne club remain in Fort Wayne should attend the meeting with President Power at the Randall hotel tonight. Fort Wayne cannot afford to lose the ball club, especially as every indication now is that the team has struck its winning gait.

Joe Ricket, outfielder for the New Castle team, will be National league property next year. Some time ago Witt K. Cochran, of Chicago, while in Toledo, saw Rickert play, and on returning to Chicago recommended the youngster to President Hart. Mr. Hart sent an agent of the team to witness two full series of the New Castle team, during which Rickert distinguished himself in the field and made twelve hits. The agent reported favorably to Mr. Hart, and Rickert will go to Chicago in 1899.

Washington Post: "It's an odd commentary that Montreal and Toronto, two foreign cities, should furnish the shot for the Eastern league locker. Dooley's Montreal toboganers and Arthur Irwin's Kanucks are the only teams on the Eastern organization that figure on the velvet side of the ledger. 'England is backing us up in this scrap with the cigarette demolishers down in Cuba and an English province is the backbone of base ball in the Eastern league,' is Jimmy Fields' comment on the base ball situation in Pat Powers' league."

WITH THE PARK TEAMS.

The Shamrocks were not booked at the park yesterday. The club went to Logansport, and were defeated by a score of 5 to 0. Robbins struck out fifteen men, and but three hits were made off his delivery.

The Crystals forfeited the game scheduled with the Standards yesterday afternoon by failing to put in an appearance. It is understood that the team has disbanded. No notice to this effect was sent to the president of the league, however, and as the Standards were on the grounds, the game falls to them.

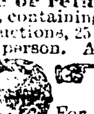

The Spy Runs won their third successive game yesterday, defeating the Blues by a score of 8 to 7. The game was a pretty exhibition and was greatly enjoyed by the spectators. Ertle and Hoffer were in the points for the Spy Runs and Shawyer and Boseker for the Blues. Hits—Spy Run, 7; Blues, 7. Errors—Spy Run, 3; Blues, 3.

AN OLD SHOPMEN.

Conrad Schwehn Died of Old Age Last Night.

The Electric Light Employes Havean Outing--Pennsylvania Shopmen Indulge in Athletics--Shop and Rail.

Conrad Schwehn, one of our old German citizens, died of old age last night, at his home, 18 Orchard street. The deceased was seventy-three years old and leaves five grown children. The funeral will probably be held next Wednesday, but the hour has not been selected. Mr. Schwehn was employed in the Wabash boiler shop over thirty years. He retired from that work about two years ago on account of old age, and since that time has been unable to do much. A son, John Schwehn, is employed in the blacksmith department of the Wabash shops.

A CONDUCTOR'S MYSTERIOUS DEATH.

John Parish, a Panhandle conductor, was buried at Richmond yesterday. He met death by falling from his train near Eaton, Ohio, last Friday. His train was pulling in on a siding, when the limb of a tree brushed Parish off and his skull was fractured by striking the rail. This is the theory advanced by the authorities at Eaton. The trainmen, however, entertain a different view of the accident. No one saw the conductor fall, but the position in which he was found and the marks of the gravel on his face indicate, the trainmen say, that he did not strike the back of his head against the rail. Parish had had trouble with a tramp at Eaton and the trainmen believe the fellow knocked the conductor off the train by hitting him with a stone or some other hard missile. The matter has been placed in the hands of the railway detectives.

THE ELECTRIC BOYS' OUTING.

The third annual picnic last Saturday at Robison park of the electric light employes was a much greater event, both in a numerical and a financial sense, than either the first or second picnics given by those men. There were over 2,000 tickets sold and a net profit of over $100, which snug sum has been added to the relief fund. Never was there a better natured, jollier crowd and every person in it will testify to the pleasure of the outing. The athletic sports came off in the order given in the program published last week. Stated briefly, the results were as follows:

100 yards dash—Bert Hadley, first; James Willson, second.

Putting twelve pound shot—Bert Hadley, first; G. Mills, second.

100 yards dash—boys under fifteen years of age—H. Meyers, first; Gus. Willson, second.

Standing high jump—Bert Hadley, first; James Willson, second.

Three-legged race—F. Harter and W. Meyer, first; P. Smith and J. Ashley, second.

Tanden, 50-yard dash—Bert Hadley and F. Albright, first; Harry Graham and A. Knoll, second.

Standing broad jump—Bert Hadley, first; Howard Thompson, second.

The married men's handicap race was tied by A. L. Hadley and N. Howe, and will be decided by another race this week, probably tomorrow morning.

One-half mile relays, three teams of four men each—Won by Brizzolari's team, composed as follows: H. Aumann, A. Harter, T. Weldon and Bert Hadley.

Tug of war—Store room vs. factory—Former team won: W. Seibold, C. Shaffer, F. Hilgemann and W. Martin.

One half mile boat race—W. Roggo, first; D. Pettit, second.

100 yard swim—C. Miller, first; G. Mills, second.

The name of Bert Hadley appears frequently as the winner. This is not because of a small number of entries in the events, but is due entirely to the young man's athletic abilities. As an all-around athlete he has few equals.

YESTERDAY'S EXCURSIONS.

Over 700 Fort Wayne citizens "took in" the excursions out of this city yesterday. The various roads report ticket sales as follows: Pennsylvania, to Chicago, 144; Grand Rapids and Indiana, to Rome City, 304; Wabash, to Toledo, 165, and to Put-in-Bay, 35, and Nickel Plate, to Chicago, 127. Only one road, the Findlay, Fort Wayne and Western, ran an excursion to this city. That road brought in about 200 people, who spent the day at Robison park. Several of the excursionists to Chicago took their bicycles and spent a portion of the day in riding around that city.

BADLY CRIPPLED.

W. T. Marks, a machinist at the Pittsburg shops, had one of his feet lacerated upon a broken beer bottle yesterday. The wound is circular in form and in places extends to the bone. Mr. Marks received the injury while bathing in the St. Joe river, above Centlivre's brewery, with some companions. He was able to hobble home, but this morning the wounded member was badly swollen and caused much pain.

PENNSYLVANIA ATHLETIC CLUB.

The Pennsylvania Shopmen's Athletic club held its second meeting Saturday afternoon at Centlivre park. Perhaps the most interesting event of the day was the second bicycle race between Philip J. Singleton and Michael Ehrman, which resulted in victory for the latter. Each of these gentlemen now have a race to their credit and will decide next Saturday who is the champion.

ROYAL

BAKING POWDER
Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

The ball game was between a club from the erecting department, captained by Frank Scheid, and one from the vise and lathe department, captained by W. Y. Cherry. Schied's team won by a score of 31 to 5. Batteries—For the erecting gang, Marks and Schied; for the lathes, O'Connell and Meehan.

The ½ mile handicap bicycle race was an exciting event. There were eleven entries and the result was as follows: First, William Fitzpatrick; second, Ambrose Benedict; third, Michael Tierney. The two former were "scratch" men.

The club will hold another meeting next Saturday afternoon at the same place.

A WORTHY MAN PROMOTED.

William G. Cameron, one of the faithful employes of the Wabash, has been called to a higher position than that of night yard master at this point. This morning Mr. Cameron was summoned to Peru, where he was informed that the company had decided to advance him in the service and he would hereafter be the general yard master at Tilton, Ill. The position is much more important than the one filled so long here by Mr. Cameron, and when he received notice of the appointment it nearly took his breath. While Fort Wayne friends regret his removal from the city, they rejoice with Mr. Cameron in his good luck.

General and Local Gossip.

Machinist Louis Kopp, of the Wabash, is sick and off duty.

Captain Stoll has recovered from an attack of stomach trouble.

Charles Waldman, boilermaker at the Pittsburg shops, is sick and off duty.

Brakeman A. Staley, of the Nickel Plate, was a visitor at Latta, Ohio, over Sunday.

H. Imbody, Nickel Plate brakeman, has returned to work after several days' lay off.

Nickel Plate Brakeman A. P. Keith is visiting the scenes of his boyhood in Ohio, near Columbus.

H. Wienoke is a new name on the pay roll at the Bass works. He was given a position in the blacksmith shop.

Engineer Frank Sleeper is taking a few days' rest. He is employed on the force in the Nickel Plate yards.

Henry Keil, time-keeper at the electric works, will go to Denver soon. He has been in poor health for several weeks.

W. A. Maddux, foreman of the Nickel Plate wreck crew, is taking a week's vacation, which he will spend at Rome city.

Fred Lenz, whose sad bereavement was noted last week, reported for duty at the Pittsburg blacksmith shop this morning.

Nickel Plate Engineer Michael McCarthy has taken a ten day's vacation, and left yesterday for Crestline, Ohio, his native city.

The new $2,000,000 union station at Pittsburg has been shelved for the present by the Pennsylvania, owing to a hitch in the plans.

As an economical measure the shops of the Vandalia at Effingham will be closed and all work will be done at the Terre Haute shops.

James Hamilton came home from western New York last Saturday and has reported for duty on the Nickel Plate. He is a brakeman.

Leon Stouder, Nickel Plate fireman, fell off his cab step last Friday, and severely sprained one of his wrists. He will be unable to work for several days.

Cornell Morganthaler and Charles Meyers, of the electric works, are taking a week's vacation. The former goes to Rome City and the latter to Hot Springs, Ark.

This is a busy week for the clerks at the Bass works. They are engaged in taking an inventory of the stock, preparatory to turning it over to the new firm August 1.

Walter Gerberding resumed his duties in the Pennsylvania freight office this morning. With his wife, Mr. Gerberding had been spending his vacation in Cincinnati.

The Pullman works were short of skilled workmen last week and agents of the company were out in search of men. They succeeded in finding them in Lafayette and South Bend.

Martin Didion, who had been employed for two or three years in the Pittsburg lumber yards, resigned there Saturday and this morning took a position in the Bass blacksmith shop.

Brakeman J. F. Liggett, of the Nickel Plate, has been transferred from the through to the local freight service. He has been assigned to a run between Knox and Stony Island.

J. H. Lebenborger is in a bad way physically. He is afflicted with stomach trouble, and has been unable to work for the past six weeks. He is employed as a car repairer by the Nickel Plate.

The Indianapolis division of the Brotherhood of Locomotive Engineers had a big picnic at Lafayette yesterday. The crowd, while it numbered over 1,000, was not as great as expected.

Dr. Welsh, of Grand Rapids, the expert color blind examiner, who has been examining the employes of the Grand Rapids and Indiana company, has finished that task and this morning left for his home.

On August 1 J. H. Hawthorn, master mechanic of the Erie shops at Huntington, will go to the Lehigh Valley road, and be succeeded by Master Mechanic Donahue, of the Erie shops at Meadville.

Louis Rehling, who collided with a wagon and broke the bone of his right thumb five weeks ago, resumed his place at the forge in the Pittsburg shops this morning. The injured member is still quite sore.

Passenger Conductor Ben Stonecifer, of the Lake Erie and Western, who has been ill for several days, is improving. Mr. Stonecifer is one of the oldest conductors on the "Muncie" and he enjoys the confidence of the officials, as well as the good will of the patrons of the line, to a remarkable degree.

John Betz, who is employed in the lumber yards of Hoffman Brothers, was severely injured Saturday afternoon by falling from a tall pile of lumber. He was taken to his home, No. 50 Swinney avenue, where Dr. J. M. Dinnen examined him and found his injuries to consist of bruises about the arms and hips.

Several of the men who had been on the absentee list for the past week or two reported at the Pittsburg blacksmith shop this morning. Among them were Joseph Carry, Williard Brossard, Cas Lehmkuler, Ed Mennewish, John Connors and George Killen. All were sick except Mr. Killen, who was in Chicago.

On August 1 the freight claim department of the Pennsylvania lines west of Pittsburg will be established and concentrated at Pittsburg. At the last meeting of the executive officers of the Pennsylvania, Edward E. Wright was selected as head of the department, and he will be known as freight claim agent, having under him forty assistant claim agents and clerks.

Brown Brothers, who own 1,000 acres of land in the Kankakee marshes, have brought suit against the Monon railroad, alleging $50,000 damage to land by fire, having its origin in a spark from a locomotive. Other railway companies have suits pending in the courts in that section for similar damages. When the Kankakee becomes dry, its soil burns like tinder.

The strong eastern lines are seeking to effect a readjustment of conditions between themselves and the socalled differential lines. It is said that a common standard of time between Chicago and New York will be fixed, and that all trains making that time or slower will charge the same rate of fare, and all making better time pay a penalty for so doing by charging an excess of $1 an hour. The subject will probably come up before the eastern men at Niagara Falls next Monday.

NEW VICAR GENERAL.

Rev. John H. Guendling Installed Sunday Morning.

Rev. John H. Guendling, the new vicar general, was installed at the Cathedral yesterday morning, and the ceremonies were characterized by a solemnity befitting the occasion. The church was crowded with members of the congregation and others, and the altars were beautifully decorated. Solemn high mass was celebrated by the new vicar-general, the choir rendering a special musical program. The sermon was preached by Rev. Father C. B. Guendling. It was very brief, owing to the intense heat, consisting of a few remarks on the gospel of the day. In closing Father Guendling referred to his approaching departure from the field where he had labored for six years. He recalled briefly the years of his ministrations, and feelingly mentioned the many demonstrations of love and regard of which he had been the object, from the parishioners. He thanked the congregation for the many kindnesses extended, the assistance rendered him in the arduous duties of his holy office, and expressed the hope that his work among them had not been in vain, that some portion thereof, at least, would be blessed by the salvation of some souls. He asked their prayers for God's blessing on his future labors.

Bishop Rademacher made a few remarks in introducing the new vicar general, who will also be the rector of the Cathedral. The new vicar said that he felt the responsibility incumbent upon him in taking the position of the lamented Father Brammer, whose place, he said, could really never be supplied, but he hoped, by the help of God, to faithfully carry out the work allotted to him.

LIKE THE LAW.

Curfew Measure is Popular in Evansville.

Mayor and Chief of Police Say it is Effective and Not Difficult to Enforce.

Councilman G. R. Hench, of the First ward, has returned from Evansville, in which city he spent a day or two last week. While in the Ohio river city Councilman Hench obtained some information as to the workings of the curfew ordinance which recently went into effect there.

The ordinance was passed by an unanimous vote of the city council. Evansville, like Fort Wayne, has a very large per centage of citizens of German birth or extraction, but there is no evidence that such fact cut any figure in the matter of a curfew law. Germans in Evansville are as rational as Germans in Fort Wayne. There, as here, they are not seeking to make public concerns a matter of race prejudice.

Mayor Akin, says Mr. Hench, is an ardent advocate of the law, which, the mayor says, has worked admirably since it went into effect. The results were prompt and distinct.

Chief of Police Prickett likewise told Mr. Hench that the curfew measure was operating effectually for its intended purpose, and that it had the approbation of the entire police force, whose duties it made easier and far less annoying.

Upon a point that has been raised in Fort Wayne, Mr. Hench cites the opinion of the Evansville mayor and chief of police, and that is the cost of enforcing a curfew law. The Evansville officials declared it required no greater number of policemen to enforce the curfew law effectually than were required before that law was passed. The provisions of the curfew law gives the police specific authority to keep youngsters off the street after certain prescribed hours at night, and instead of having to devote time to watching suspicious boys without being authorized to deal with them, as previously was the case, they may compel roystering urchins to go home and remain there or abide the consequences. The same number of patrolmen as formerly is making the curfew law a success in Evansville.

Mayor Akin, who is a democrat, is a firm friend of the law and declares he would have no hesitancy in again officially approving such a law if it were presented to him.

THE LAWN SOCIAL.

The Hamilton Lots Will be a Place of Beauty.

Electric Lamps Will Furnish Light for the Occasion--City Band Will Furnish Music.

The lawn social for the members of companies B and G promises to be one of the most enjoyable occasions of the kind ever held in Fort Wayne. Mrs. Reese and Mrs. Fonner have completed arrangements with Manager Guild, of the Jenney Electric Light and Power company, to furnish the power, and the F. W. Edmunds Electric company will string the wires. The City band has agreed to furnish the music for the occasion. The Hamilton lawn will be filled with tables and chairs and half a hundred ladies will wait on the visitors. Donations of $5 each have been received from Miss Hamilton and C. D. Tillo, and promises of many other donations are made. Every indication is that the affair will equal the one given at the Alderman home last week. The Hamilton homestead is centrally located at the corner of Lewis and Clinton streets, and street cars pass by the gates. Everybody can come.

AT ROBISON PARK.

The Theatrical Bill is Fresh and New and the Best of the Season.

Large audiences were the rule both afternoon and evening at Robison park yesterday. The attendance in the afternoon was smaller than it would have been but for the rain which poured shortly after 1 o'clock. At the park, however, not a drop of rain fell all day and the breezes were delightful compared with the almost insufferable heat in the city. After the performance at the theater last night Manager Heilbroner was the recipient of numerous congratulations for the excellence of the performance presented. Ameta, the electric dancer, gives a most wonderful exhibition—something entirely new and never before presented to a Fort Wayne audience. The cinematograph is also a feature and the war pictures are realistic and wonderful. The other acts are also up to the standard and there is not a lame number on the program. Manager Heibroner says he is confident that the attendance at the park this week will exceed that of any week of the season.

LOCAL LINES.

Born, to Mr. and Mrs. Frank Petgen, of 94 West Creighton avenue—a girl.

H. Liechtmann has been given a permit to erect a $600 dwelling on lot No. 31 in White's Fifth addition.

E. A. Dittler left this morning for Toledo, where he will board the Detroit and Cleveland steamer for Mackinaw and the Soo.

Miss Anna Textor, who has been the guest of Miss Hannah Dittler for three weeks, returned to her home in Toledo yesterday morning.

Justice Harry F. France this morning united in marriage Harry H. Yates and Miss Addie France. The groom is known as "Andy" Yates and during last winter was the principal in several sparring exhibitions at the rooms of the Fort Wayne Athletic club.

Three young men raised a disturbance near the county jail last night and Sheriff Melching arrested two of them. They are lads well known about the city whose feet have strayed from the paths of virtue quite frequently. The lads have a chance to make men of themselves if they will brace up before it is too late.

The Sunflower club raised a pole at their camping grounds, two and one-half miles east of the city on the New Haven yesterday. The club is composed of the following seven gentlemen: Martin Ankenbruck, Martin Braun, Louis Kruse, William Scherer, Henry Hilgemann, Henry Barner and Henry Braun. Congressman J. M. Robison delivered the address, which was enthusiastically enjoyed by the members of the club.

Persons leaving the city for the summer can have THE SENTINEL sent to their address at 10 cents per week.

CONQUERS RHEUMATISM.

A New and Powerful Remedy That Cures the Disease.

Has Accomplished Many Wonderful Results in Chronic Cases.

Gloria Tonic, a specific for one disease has had a remarkably severe test in many chronic cases of rheumatism. So pronounced have been the cures that no doubt exists as to this remedy being nature's antidote for the peculiar malady. A resident of Harvard, Ills., Thomas Callahan, after suffering continously for four years, was entirely cured and has been instrumental in making the remedy well known in his town, where it has become the standard cure for rheumatism.

Gloria Tonic is not a cure-all, but a specific for rheumatism only and in many hundreds of cases has never been a failure. No one can afford to doubt the wonderful success of this great remedy.

Testimonials and explanatory circular will be sent to those who write.

Gloria Tonic accomplishes these great cures by its peculiar action on the blood, driving out all poisonous acids and calculous deposits.

For sale by all druggists. Price $1.00 per box.

Prepared by John A. Smith, 243 Summerfield Church Building, Milwaukee, Wis.

In localities where Gloria Tonic has never been tried, a free sample package will be mailed prepaid upon application to Mr. Smith.

John Ley, of Ash Grove, Mo., and Frank Schmenk, of Avilla, who have been the guests of the Misses Schmenk, of West Jefferson street, returned to their homes yesterday.

Misses Lydia and Bertha Harris entertained a number of friends informally Saturday evening. The guests from abroad were Miss Lichtenberg, of Buffalo; M. Wagner and E. Lardeck, of Milwaukee, and M. Henesly, of Cincinnati.

A party of young folks enjoyed a very pleasant outing Sunday at Miner's grove. A delicious dinner and refreshments were furnished by the ladies. The reception was given by the Misses Mertz in honor of Ralph Parker, of New Haven.

Word comes to the city that Lieutenant Will Kerr, of the Rifles, is very ill with typhoid fever, and that he has been in an unconscious condition for two or three days. He will probably be sent north to one of the hospitals away from the coast.

The fire laddies were called out twice Saturday afternoon to deal with the fire fiend that had started in the grass, having caught from sparks from an engine. The first run was made into Bloomingdale and the second into the eastern part of the city.

There should be better facilities for getting water at the artesian well at Swinney park. The pipes should be increased to twelve or fifteen and three or four cups should be placed at each spout. With only two places for drawing water a person is often compelled to wait five or ten minutes before his turn comes.

THE SUTHERLANDS

Are Visitors in the City—Their Beautiful Hair Attracts Large Crowds.

The celebrated Sutherland sisters are in the city for the next two weeks and are located at the Gross & Pellens' drug store, corner of Calhoun and Wayne streets. They are here for the purpose of advertising their hair preparations of their own manufacture. These sisters are famous on account of the great length, thickness and quality of their hair, which is solely due to the use of their preparations. They will exhibit in the display window of the store showing the great length of their beautiful tresses, which is over seven feet.

Their preparations are standards, and are used for cleansing the scalp, promoting the growth and quality of the hair. Four years ago when in this city, they attracted much attention, and great benefits were derived from their remedies sold at that time.

Mr. and Mrs. E. H. Bookwalter have tendered their home to the members of Simpson M. E. church for a lawn social next Tuesday evening. The public is invited. Ice cream will be served for the many that favor them with a call. 23-3t

ECZEMA BY
CUTICURA
I had an attack of Eczema, and ordered a box of oxide of zinc ointment. The first application changed the Eczema to hell-fire, which seemed unquenchable. The druggist had used a rancid cerate and I was poisoned. A local physician did not help matters, and everything either failed to help, or made it worse. I was becoming desperate, when I thought of CUTICURA REMEDIES, and dispatched my servant for a cake of CUTICURA SOAP and a box of CUTICURA (ointment). The *first application* relieved me and in *three days I was well.*

TO STOP FIGHTING.

Spain Will Propose an Armistice While Asking for Terms.

QUEEN REGENT IS WORKING FOR PEACE.

LONDON, July 25.—It is announced in a special dispatch from Madrid, published here this afternoon, that the Spanish government has drawn up a message, addressed to the government at Washington, proposing an armistice for the purpose of discussing the terms upon which peace with the United States can be arranged.

THE QUEEN REGENT ANXIOUS FOR PEACE.

PARIS, July 25.—A special dispatch from Madrid gives the following account of the queen regent's daily life during the present crisis:

"Poor queen! This is the exclamation so often heard of late, day after day, as matters grow worse and worse, as the Spanish disasters repeat themselves and as the throne of the little king seems slipping from her hands, into which it was given in trust.

"I see her majesty looking careworn and anxious. Even her drives are becoming fewer and fewer. It would surely appeal to any mother in the world were she to see the way this queen mother each day seems to cling closer to her boy, as though to shield him from the dangers closing about him with almost fatal force.

"It is very touching to witness it. Her worst enemies recognize in the queen personal qualities worthy of the highest admiration.

"The queen used every means at her disposal to prevent war. Her great hope lay in Senor Moret (Senor Moret y Prendergast, the former minister of the colonies) and he would have carried his point but for Senor Gullon (the former minister for foreign affairs.) Today, and ever since the war began, the great occupation of the queen is to find the quickest way for its termination. At many of the councils of late held at the palace, the queen has burst into tears, begging and urging her ministers to seek a solution for the terms of peace, which they seem incapable of materializing. Peace, which the queen with common sense, sees to be of such vital importance, and which her ministers keep postponing with the word so fatal to Spain —'manana' (tomorrow). The queen has taken every chance offered in the council of putting in a word for peace and, little by little, she has finally managed to bring the cabinet to her view and to thoughts of peace."

HOPE FOR A WAY TO BRING ABOUT PEACE.

MADRID, July 24, 6 p. m.—(Delayed in transmission.)—The correspondent here of the Associated Press has had an interesting conversation with a person occupying a high position in the queen regent's household and whose duties bring him daily into intimate relations with her majesty.

He said the quarrel between Spain and the United States is much easier of adjustment than is generally believed.

The queen regent, he continued, naturally endeavored to avoid war and also she desires an honorable peace. She is quite alive to the force of public opinion, and holds strictly to the constitutional laws of the nation.

It is an error to suppose the queen regent is under the pressure of the present or any government, or that she is regardless of public opinion when it is in consonance with the true interests of the Spanish people.

The official quoted then added an important statement, saying:

"The present government will not initiate peace, but a modified cabinet, headed by Senor Gamazo, minister of public instruction, will conclude the negotiations and then retire, and General Polavieja, with a combination including Senor Silvela and General Campos, will reorganize the country.

"Everybody considers that Spain should treat direct with the Americans, whose practical good sense will prevail over spread eagleism."

INTERNAL DISORDER CONTINUE IN SPAIN.

PARIS, July 25.—Private letters received here from Madrid under date of July 23, say that the internal disorders in the Spanish provinces continue.

Some demonstrations have taken place at Granada, supposed to be due to the opposition manifested towards the octroi tax and local disputes, but in view of the rigorous censorship on all questions of public order, it is difficult to ascertain the facts.

At Gargia, in the province of Barcelona, a mob recently fired on the gendarmes, and an armed band, said to be composed of jailbirds, has appeared at Bance and Valdorres.

Thus far the efforts of the authorities to capture them have been futile.

Great precautions were taken at the open air theatre in the Buen Retiero Gardens, in Madrid, Friday evening, owing to an unexpected demonstration in favor of General Weyler, who was present, but nothing developed.

SPANIARDS WANT TO RETURN TO SPAIN.

SANTIAGO DE CUBA, July 24.—Colonel Angel Rosill arrived here yesterday from General Parajo, militarp governor of Guantanamo, to ascertain from General Toral if the report of the capitulation were true. As the result of General Toral's answer the 6,000 Spanish troops at Guantanamo will tomorrow (Monday) surrender and lay down their arms.

This afternoon Lieutenant Miley, of General Shafter's staff, returned from Palma, Soriano and San Luis, where he received the surrender and arms of 3,465 men, of whom 3,005 are Spanish soldiers to be deported.

At first they refused to credit the statement that Santiago had surrendered, but the presence of a Spanish officer who accompanied Lieutenant Miley finally convinced them and then they displayed great delight at the prospect of returning to Spain.

All the surrendered troops are suffering from disease and starvation, and General Shafter has instructed the immediate forwarding of rations and relief. He has informed the Spanish officers that their families will be given transportation to Spain with food at the expense of the government and that the maintenance of the men is provided for by contract.

NO MORE NAVAL RECRUITS WANTED.

WASHINGTON, July 25.—The navy has suspended for a time its efforts to recruit sailors in the west and Commander Hawley and Chief Engineer Harry Webster, a member of the board, have returned to the navy department.

The work was successful beyond the expectations of the projectors of the trip and the results it is believed will be highly beneficial to the navy generally in infusing to it an element of western blood and brawn that will tend to the nationalization of that service.

LIEUTENANT HOBSON RETURNS TO NEW YORK.

NEW YORK, July 25.—Lieutenant Richmond Pierson Hobson returned to the city today, after the second visit to Washington since his landing from the St. Paul here on Friday morning. While in Washington he again conferred with Secretary Long concerning the saving of the Cristobal Colon.

PORTO RICAN TROOPS REACH NEWPORT NEWS.

NEWPORT NEWS, Va., July 25.—The troops which arrived here yesterday were followed in the early hours of today by the Fourth Ohio regiment which came in three trains. The First battalion of the Fourth Pennsylvania regiment came in at 9 o'clock and the Second battalion at 10 o'clock. The Third battalion is expected at 3 o'clock. There are now nearly 4,000 troops in camp in the suburbs of this city. There has been no move yet to embark on transports.

LOCAL LINES.

Miss Anna O'Brein, of No. 225 Washington boulevard, spent Saturday and Sunday at Huntington.

Judge Mock will tomorrow afternoon render his finding in the case of Clara Lockhart vs. the Foster Waist factory.

The date of the Wabash shopmen's excursion has been changed. It will take place next Saturday, July 30, instead of on Saturday, August 6.

An alarm of fire called the fire department to South Harrison street near Woodland avenue, where some boys had set fire to an old barn. Damage was slight.

Fred Stutz has filed an affidavit against a farmer named Hilgemann charging him with Sabbath desecration, working in his garden on Sunday. Stutz's horse broke into Hilgemann's property and was locked up. Stutz replevined the animal and then filed an affidavit against Hilgemann.

ALL WANT TO FIGHT

Soldiers Yet at Camp Thomas Anxious to Leave.

They are Hopeful of Getting Marching Orders.

Will Take Two Weeks to Move the First Corps.

Not More Than One Brigade Can be Handled in a Day--Hard Drills the Order.

CHICKAMAUGA, National Military Park, Tenn., July 25.—No orders fixing the time for the departure of the remaining regiments of the First corps have been issued at Camp Thomas and these regiments, although expecting such orders every hour, are maintaining their regular routine. Things are progressing as usual all over the big camp.

Major General J. F. Wade, the new commander, has made no change in the method pursued by General Brooke and states that he will not do so. The indications are that the entire First corps will not get away for some time.

Many of the officers in the second division, first corps, do not expect to leave Camp Thomas for Porto Rico within a week or ten days.

The officers are of the opinion that the division cannot move before this time for several reasons. In the first place, the second brigade of the first division is still at Camp Thomas and possibly will not leave before Wednesday. It will take the brigade until the next day to move out from Rossville, and this alone will cause a delay until almost the end of the week.

With one or two exceptions all the first corps regiments are entirely equipped. In these cases where anything is lacking it is only of a minor nature and will not hinder the regiment going forward on its expedition to Porto Rico.

As each brigade consists of about 4,000 men, and as there are seven brigades to go out, this will cause a removal from Chickamauga of 28,000 men in addition to those already gone.

It will require 150 cars of all kinds for each brigade or 1,050 for the seven brigades.

To move one brigade a day is a big job and unless the troops embark at both Rossville and Ringgold no more than this number can be handled daily.

Then it will require at least a day between to collect cars and will take two weeks at the very least to move the seven brigades. This morning at 6 o'clock the first brigade, second division, first corps, turned out for another brigade drill. This command is composed of the First Georgia, Thirty-first Michigan and One Hundred and Sixtieth Indiana. General Poland has ordered a brigade drill every day this week. The rifle practice will be continued.

HIS ARM CRUSHED.

Martin Nolan Bumped by a Street Car.

His Shoulder Broken and Arm Crushed to a Pulp--Ernest Breimeyer's Narrow Escape.

Martin Nolan, driver of E. K. Bush's delivery wagon, was seriously injured Saturday evening about 7 o'clock. He was driving along Spy Run avenue near the Superior street bridge on the street railway tracks. A street car came along behind and bumped into his wagon throwing Nolan to the ground, toppling the wagon on top of him. He was taken to Hope hospital and an examination made of his injuries. It was found that his shoulder blade was broken and the upper part of the arm crushed almost to a pulp. It was impossible to take a stitch in the injured member.

A NARROW ESCAPE.

Ernest Breimeyer and one of his employes had a narrow escape this morning while at work in the store building being erected on Calhoun street by C. Stellhorn. They were in the cellar when a big stone, part of the curbing along the sidewalk toppled into the cellar. It grazed Mr. Breimeyer's head and made a couple of scalp wounds and struck the employe on the arm, tearing off the skin from the shoulder to the wrist.

THE PEOPLE IN IT.

Three Hundred Thousand Persons Will Receive Bonds.

WASHINGTON, July 25.—A treasury statement shows there are about 300,000 persons to whom bonds under the government's popular loan will be allotted. All persons offering to take $1,500 or less will receive bonds. The first shipments of the new bonds were made today.

The officers of the Allen County Orphans' home are in session at the home this afternoon examining plans for the new addition to be erected to the present building. Such a large number of orphaned children have been sent to the home that it has been found impossible to properly care for them in the present quarters.

An affidavit has been filed in 'Squire France's court charging William Thompson with assault and battery on Rachel Ann Malott.

BROOKE HAS SAILED.

Commander of Porto Rican Expedition Gets Away to the War.

TROOPS WILL BE SENT WITH ALL DISPATCH

WASHINGTON, July 25.—Major General Brooke, commanding the First army corps, will sail today from Newport News to join General Miles at Porto Rico. The general will embark on the St. Louis and as he will proceed immediately without waiting for the whole of his command he should arrive off Porto Rico sometime Friday or Saturday. The St. Louis will be accompanied on the run down the coast by the St. Paul, on which will be the headquarters of General Haines. The remainder of the troops in Chickamauga will be embarked at Hampton roads as rapidly as possible, and it is expected that the last of them will be aboard ship by Wednesday.

The reported boarding of a German steamer off San Juan, Porto Rico, by a launch from an American naval vessel is taken at the war department to confirm its belief that General Miles has arrived there.

It is recalled, however, that some of the vessels of the auxiliary fleet have been blockading San Juan, and it may be that it was a launch from one of these vessels instead from Miles' fleet that was seen by the German vessel.

However, the department has no manner of doubt that Miles is off Porto Rico, and as all of the details of the expedition are moving with precision, there is every reason to believe that the troops will be all ashore by the end of the week.

Colonel Hecker, who is directly in charge of the transportation arrangements here, returned to Washington from Fortress Monroe, entirely satisfied with the progress being made there in the embarkation of General Brooke's command.

GENERAL SHAFTER PRAISES THE ARMY.

SANTIAGO, Cuba, July 22, 2 p. m.—Following is Major-General Shafter's order just published:

"Headquarters United States Troops in Cuba, Santiago de Cuba, July 19.—General order No. 26:

"The successful accomplishment of the campaign against Santiago, resulting in its downfall and the surrender of the Spanish forces and the capture of large amounts of military stores, together with the destruction of the entire Spanish fleet in the harbor, which, upon the investment of the city, was forced to leave, is one of which this army can well be proud. This has been accomplished through the heroic deeds of the army, and to its officers and men the major-general commanding offers his sincere thanks for their endurance of hardships heretofore unknown in the American army. The work you have accomplished may well appeal to the pride of your countrymen, and has been rivaled upon few occasions in the world's history. Landing upon an unknown coast, you faced dangers in disembarking and overcame obstacles that, even in looking back, seem insurmountable.

"Seizing, with the assistance of the navy, the towns of Baiquiri and Siboney, you pushed boldly forth, gallantly driving back the enemy's outpost in the engagement of La Quasina, and completed the concentration of the enemy near Sevilla, in sight of the Spanish stronghold in Santiago de Cuba. The outlook from Sevilla was one that might well have appalled the stoutest heart. Behind you ran a narrow road, made well nigh impassable by rails, while to the front you looked out upon high foothills covered with a dense tropical growth, which could only be traversed by bridle paths terminating within range of the enemy's guns.

"Nothing deterred, you responded eagerly to the order to close upon the foe, and, attacking at Caney and San Juan, drove him from work to work until he took refuge within his last and strongest intrenchments, immediately surrounding the city.

"Despite the fierce glare of a southern sun and rains that fell in torrents, you valiantly withstood his attempts to drive you from the position your valor had won. Holding in your vise-like grip the army opposed to you, after seventeen days of battle and siege you were rewarded by the surrender of nearly 24,000 prisoners, 12,000 being those in your immediate front, the others scattered in the various towns of eastern Cuba, freeing completely the eastern part of the island from Spanish troops.

"This was not done without great sacrifices. The death 230 gallant soldiers and the wounding of 1,284 others, shows but too plainly the fierce contest in which you were engaged. The few reported missing are undoubtedly among the dead, as no prisoners were lost.

"For those who have fallen in battle with you, the commanding general sorrows, and with you will ever cherish their memory. Their devotion to duty sets a high example of courage and patriotism to our fellow-countrymen. All who participated in the campaign, battle and siege of Santiago de Cuba will recall with pride the grand deeds accomplished and will hold one another dear for having shared the sufferings, hardships and triumphs together. All may well feel proud to inscribe on their banners the name of Santiago de Cuba.

"By command of
"MAJ.-GEN. SHAFTER,
"E. J. M'CLERNAND, Assistant Adjutant-General."

MORE SPANIARDS HAVE SURRENDERED.

WASHINGTON, July 25.—The war department at midnight posted the following:

"Santiago, via Hayti, July 25, 1898.—Adjutant General of the Army, Washington: Lieutenant Miley has returned from San Luis and Palma Soriano, where he went four days ago to receive surrender of Spanish troops. The number surrendered was larger than General Toral reported; 3,005 Spanish troops and 350 volunteer guerillas gave up their arms and gave parole and have gone to work; 3,000 stands of arms were turned in, loaded on ox carts and started to the railroad. Spanish troops accompanied him to San Luis and all were apparently greatly delighted at the prospects of returning home. They were on the verge of starvation and I have to send them rations tomorrow. If the number keeps up as they have there will be about 24,000 to ship away—nearly 12,000 here; 3,000 from San Luis, 6,000 from Guantanamo and over 2,000 at Sagua and Baracoa. SHAFTER,
"Major General Commanding."

SAMPSON'S OFFICIAL REPORTS TOMORROW.

WASHINGTON, July 25.—The official reports concerning naval operations off the east coast of Cuba culminating in the destruction of Admiral Cervera's fleet will be made public by the navy department tomorrow afternoon for publication in the newspapers of Wednesday morning. A statement to this effect was made by Secretary Long today.

The delay in giving them out is said to be due to the fact that they cannot be copied before tomorrow afternoon. There are several reports and they include nearly a complete history of the naval operations around and about Santiago. The principal report is made by acting Admiral Sampson as commander-in-chief of the naval forces in Cuban waters and is accompanied by the report made to him by Commodore Schley, who was on the cruiser Brooklyn in active command of the fleet which destroyed the Spanish fleet; by Captain Evans, commanding the battleship Iowa; by Captain Clark, commanding the battleship Oregon, and Captain Taylor, commanding the battleship Indiana.

The reports of Captain Philip, commanding the battleship Texas, and Commander Wainwright, of the auxiliary cruiser Gloucester, which vessels took a prominent part in the chase and destruction of the Spanish vessels, will be withheld for publication at a subsequent date.

Secretary Long said that in view of the decision to give the reports out in full tomorrow evening he did not feel at liberty at this time to disclose even the general character of their contents. In response to a direct inquiry he did say, however, that Admiral Sampson's report was a plain statement of the facts connected with the destruction of the Spanish fleet, and "showed consequently that there was no friction between the officers" in connection with it.

The officials of the navy department decline to say anything about how the reports came to the navy department, further than to reiterate their first statement that they were not brought to Washington by Naval Constructor Hobson.

The supposition is that they were brought to New York on the auxiliary cruiser St. Paul and sent from New York to Washington by mail.

POWER IS HERE.

President of the Inter-State League in Town.

Comes to Settle Affairs of Fort Wayne Club.

Wheeling Wants a Franchise in the League at Once.

President Power Wants Fort Wayne to Remain and Keep the League Intact--a Meeting Tonight.

President C. B. Power, of the Inter-State league, arrived in the city at an early hour and is today investigating the affairs of the Fort Wayne base ball club. A SENTINEL reporter talked to Mr. Power, who said:

"I was greatly surprised when word was telegraphed me that the affairs of the Fort Wayne team were in a chaotic state. Affairs at Springfield have been fixed up and I would be satisfied if every town was in as good shape as that city. I want the franchise to stay in Fort Wayne, as it is an indication of weakness to transfer any club from one town to another. Wheeling wants a franchise and the company organized there was very much disappointed in not getting the Springfield franchise. Saturday evening I talked with the Wheeling people and they requested me to keep them posted on what Fort Wayne intended to do. With the circuit remaining intact the Inter-State will rank as the staunchiest little league in the country. I do not believe that a progressive city like Fort Wayne can afford to quit and there is every reason why your citizens should hold the franchise. Fort Wayne will be given every chance and if necessary I will remain here until Tuesday evening."

Mr. Power met several local lovers of the game this morning and arrangements have been made for a meeting in the parlors of the Randall hotel this evening when the situation will be thoroughly discussed. The gentlemen to whom Mr. Power talked expressed themselves in favor of doing something to retain the club and out of tonight's meeting should grow a stock company which will insure Fort Wayne's staying in the Inter State league. With a team winning a fair per cent. of its games there will be no necessity to lose any money. The business men should not allow it to be transferred and let the statement go out to the world that Fort Wayne was not as progressive as the other seven cities. Should the necessary funds not be forthcoming, Mr. Power will undoubtedly transfer the franchise to Wheeling, and the Toledo games, beginning next Thursday, will be played in the Nail City. A last opportunity to retain the club is now at hand. Attend tonight's meeting, even if you can not help retain the club.

ANOTHER POLE.

Flag Will be Hoisted at the Home of W. T. Connett.

Hon. James M. Robinson Will Deliver an Address--Mrs. Connett Made the Flag in Honor of Her Soldier Son.

There will be a flag raising out on Miller street at 7:30 this evening. The affair takes place at the home of Mr. and Mrs. W. T. Connett and will be attended by the members of the Knights of Pythias, the employes of the electric works and the citizens of that part of the city. Hon. J. M. Robinson will deliver the address. The knights will meet at the corner of Broadway and Taylor street and, headed by a band, march to the Connett home. The flag was made by Mrs. Connett, in honor of her son, Corporal John Edward Connett, of Company B, One Hundred and Fifty-seventh regiment, now en route to Porto Rico. It is twelve feet four inches long, eight feet four inches wide and is a most beautiful banner. Mr. and Mrs. Connett promise to make it pleasant for all who favor them with their presence this evening.

James, the little son of Mr. and and Mrs. George Schuler, died yesterday at the home of William Beatty, No. 599 South Calhoun street. Mrs. Schuler was en route to her new home in Cincinnati and stopped in Fort Wayne for treatment. She was accompanied by her little daughter and son. The latter, aged two years, was attacked with dysentery and died. The funeral will occur tomorrow afternoon at 2 o'clock from the Beatty home.

County Clerk Harry Metzgar informs THE SENTINEL that under the new revenue law every return of a marriage by a minister who performed the ceremony must bear a ten-cent stamp. No stamp is demanded when the application is made and the person who performs the ceremony and makes the return to the clerk is expected to pay the ten cents.

Clara Russell denies the statements made in the morning papers that she attempted suicide. She had been taking laudanum for the toothache and possibly got too much and while out of her head made statements which she did not mean. As for suiciding, the girl claims no such idea ever entered her head.

A FIGHTER'S VIEW.

Gen. Charles King Says Merritt Will Need Fifty Thousand Men.

BELIEVES AGUINALDO HARD TO HANDLE.

SAN FRANCISCO, Cala., July 25.—It is understood that Brigadier General Chas. King will be in command of the next Manila expedition.

He will probably go either on the Arizona or Scandia. Brigadier General Miller, now commander of the Presidio, probably will remain for the present, at the expressed desire of General Merriam.

Referring to the men to go to Manila, General King said:

"It is my personal opinion that every man of the expeditionary forces will be wanted in the Philippines and will go there. Even should Manila be taken from the Spanish and the war settled in the orient, as far as Spain is concerned, with the forces now there or already ordered to depart, yet it is not to be doubted that General Merritt would be glad to have 50,000 before he is through with Aguinaldo.

"General Merritt and the men at the Presidio may rest contented that they will see all of the Philippines they desire."

IN INFERNAL MARCHINE FOUND ABOARD SHIP.

NEW YORK, July 25.—A letter written to a prominent officer here in this city by Captain William C. Brackley, of the refrigerating and supply ship Port Victor, says that an attempt was made to blow up the ship when she was three days out. He said that a box containing thirty pounds of dynamite and guncotton was found, without any address, on the main deck of the steamer. A clock-like mechanism had been arranged by which the explosives were to be set off. The box and explosives were thrown into the sea. The Port Victor left New York July 14.

SOLDIERS IN CUBA SOON TO BE PAID.

WASHINGTON, July 25.—Major Sniffen, of the pay corps, will sail from New York tomorrow on the Olivette for Santiago accompanied by three paymasters. They will begin the payment of troops on their arrival and in a very short time will be joined by other paymasters, who will assist in paying off General Shafter's army and then will proceed to Porto Rico to pay off the army of General Miles.

A rather interesting question has arisen in regard to the payment of troops. A telegram has been received from General Shafter requesting that gold and paper be sent to Santiago as the tradesmen there refuse to accept American silver dollars at their par value and rate them at fifty cents on the dollar like the Mexican dollars and dollars of South American countries.

It was Paymaster General Stanton's intention to send as little silver as possible, confining it mostly to subsidiary coin for the purpose of making change on account of the greater convenience to take gold and paper, and he will continue to do so.

Considerable indignation is expressed that American money of any kind is discounted and a suggestion has been made to the secretary of war that any tradesman who refuses to accept United States money of any kind at 100 cents on the dollar should be removed from any territory over which the American flag floats. It is not known that any orders will be sent to General Shafter on the subject, although the suggestion has been made that American money should not be allowed to be questioned by the countries occupied by United States troops. The supposition is that refusal to accept silver dollars is the result of the long use of the silver of Mexico and the South American countries, which has never passed for more than half its face value.

SANTIAGO CUBANS ARE DISORDERLY.

NEW YORK, July 25.—Dispatches to the World from Santiago say:

The Cuban insurgents, encouraged by the correspondents of a sensational New York newspaper, are retarding the work of Military Governor Wood in restoring order in the city.

They are still disgruntled because the town was not delivered over to them.

The Spaniards are accepting the change of government in Santiago with good grace.

The insurgent forces have left the American camp and gone twenty miles into the interior. They have been warned, under the threat of extreme penalty, not to molest Spanish residents or return to the old system of brigandage.

There were fifty funerals here yesterday of refugees, who died as the result of the scarcity of food at El Caney.

Santiago is still short of food. The streets are full of beggars.

The householders have been ordered to clean their houses. A big sanitary force is at work. There is great need among the Americans of lemons and preserved acid fruits.

The Spanish company having the contract for the deportation of Spain's surrendered troops has notified them by cable to be ready to start next week.

The American heroes during the heat of the fighting, compelled to force every step of their way, were buried where they fell, with scant ceremony of war.

Near the Quasina block house, which the Rough Riders stormed and took some days previous to the battle of San Juan, twenty-five are buried in one grave.

Chaplain Vandewater, of the Seventy-first New York, said the burial service twenty-five times in one day.

The bodies of Captain Capron and Sergt. Hamilton Fish were buried here. Both were taken home on the steamer Hudson, which started Thursday, by Nicholas Fish, father of the dead sergeant.

At the last ford before San Juan hill it is estimated that forty of our men were buried in trenches. Twenty lie in the trenches at the foot of the hill at Caney.

Owing to the necessity of feeding the starving, caring for the wounded and establishing an orderly government in the provinces, the reinterment of the brave men buried in the jungles has been impossible. Ultimately, however, they will be given a proper burial. Only the bodies of the officers will be sent home. Coffins will be provided for the men.

A GRUESOME FIND.

Child's Coffin Discovered in the St. Mary's River.

Grave Robbers Had Probably Stolen From it a Corpse--Prisoners in Police Court--Police News.

In the vagrants' cell at the police station is a child's coffin, which was found in the St. Mary's river at the foot of Calhoun street this morning by two boys.

William Sessler, of No. 16 Grand street, and Jesse Fulton, of No. 16 Bass street, were fishing along the banks of the St. Mary's river, and there noticed something in the willows not far from where they stood. The lads investigated and found a child's coffin a little more than three feet long. On the top was a long glass and the bottom was badly rotted. The police were notified and took the gruesome find to the police station. Within the coffin was an old black skirt. The officers believe that the coffin was placed in the river by grave robbers, who had not time to put it back in some grave they had been desecrating. The skirt was probably intended to carry away the body of the child but was not needed, and was, therefore, placed in the discarded coffin.

POLICE COURT.

Sergeant Harkenrider and Officer Strodel Saturday evening raided the rooms over No. 51 East Main street and arrested Eva French and Bess Elward and five men. In police court this morning the women and three of the men forfeited bail and two of the men went to jail.

Charles Osborne, the lad captured Saturday while robbing a Wabash car, was bound over in the sum of $200.

Arthur Martin and Emma Marshall were arrested in White's barn east of the city this morning by Officer Hobbs. The woman claimed to be Martin's wife, but the police claim to know better. The couple were indulging in beer when arrested.

John Distler accummulated a "jag" and insulted women on the streets and Officer Elliott arrested him. Mayor Schefer this morning assessed a fine of $14.50, which Distler didn't pay and went to jail.

Merchant Policeman Patrick O'Ryan saw two men trying to get into Ed Pauley's saloon this morning. They ran and he fired at them. A cry heard immediately after the shots would indicate that one of the fellows was hit.

Oscar Jump, of Milan township, was shaking hands with Fort Wayne friends today. He was elected delegate to the republican convention from Milan.

SPAIN is figuring on a new cabinet and probably wants one that can hold together long enough to conclude peace.

SPANISH soldiers at Santiago will do some valuable missionary work when they return to Spain. They are getting good impressions of Americans.

GARCIA don't want to play in Shafter's yard, but he'll be sorry when he sees him sliding down new cellar doors in Havana and other nice places.

No wonder Spain mourns over her honor and the American disregard of international law! Here is Gerald O'Grady, a Rough Rider, writing from Cuba to his home in the state of New York that when on a scouting expedition, with nothing but an unloaded pistol, he was attacked by an armed Spanish soldier, who had just killed his companion, he "punched the enemy in the nose with his fist and knocked him silly." By all the rules of civilized warfare Gerald should have submitted to being killed or captured.

THE British ship Cromartyshire, passing twenty-five miles from the spot where the Bourgogne went down, sighted 150 or 200 floating bodies, many of them women and children. They were supported by life belts. The spectacle threw additional light on the facts of the Bourgogne disaster, showing that there was time after the ship was struck for the passengers to prepare themselves to take to the water. Had there been boats provided, or had these women and children not been driven from the few boats cut loose, these lives would have been saved.

THE "unspeakable Turk" is unspeakably a Turk on all occasions and under all circumstances. Among the foreign military and naval officers who came from Siboney, Cuba, with the transport Seneca was Enver Pacha, of the Turkish army. All these foreign military and naval attaches were provided with comfortable and commodious quarters at the start and the Turkish general was the only one of them who refused to give up his state room or any part of it to the sick and wounded.

ROBERT B. ROOSEVELT, former minister to Holland, who is vice president of the Empire State Society, Sons of the American Revolution, is exercised over the alleged incompetency and corruption in the commissary department of the army, and suggests the formation of a committee of the Sons of the American Revolution to investigate the matter thoroughly and make the guilty suffer. He is very much in earnest, and the committee will probably be appointed and given sufficient authority to accomplish something.

TO J. M. CEBALLOS, of the Spanish trans-Atlantic steamship line which has received the contract for carrying the Spanish prisoners home from Santiago, must be accorded the honor of adding to the war its crowning burlesque feature. Some of the vessels to be used belong to Admiral Camara's fleet and some have been hiding in South American ports anxious to get home, but fearful of capture. All of them are a portion of Spain's maritime commerce, a prey to the enemy wherever it can be found, and now these ships are to creep out of hiding to earn three quarters of a million dollars in carrying the enemy's prisoners under the enemy's convoy. If Spain only had a sufficient number of starving garrisons to surrender, she might, by taxation of the profits of transporting them home, secure from her antagonist enough money to carry on the war for a long time. Possibly we have underestimated Spanish enterprise after all.

THE BIG MOSQUITOES

Make Life Unpleasant for the Boys at Tampa.

The Fort Wayne Soldiers Hope to Go to Porto Rico—Some of the Boys Who are Ill.

THE SENTINEL is in receipt of the following interesting letter:

PORT TAMPA CITY, July 22, 1898.
TO THE SENTINEL:

As many of our Fort Wayne friends seem to think that we are lost in the Florida swamps, the boys thought we should send you a few words to let them know that we are not, even though Uncle Sam has lost track of us and left us down here to the tender mercies of the Florida mosquitoes. For the last week we have been bothered greatly by them. They appear to be about the size of a common house fly, but when they alight it makes one think he has been kicked by an army mule.

A death occurred in our regiment yesterday morning—the first since we were ordered out. It was that of First Lieutenant Charles Slade, Co. C, of Goshen. He was a member of Tonawanda tribe No. 130, I. O. R. M. The whole regiment had been ordered to attend the funeral at 6:30 in the evening, and to escort the remains to the train. Owing to the heavy rain the order was countermanded and another one issued, that we did not have to go unless we wished. Only two companies turned out, B and G, of Fort Wayne. We had to wade through mud and water up to our knees.

We expect to be moved to Fernandina, Fla., but we do not know how soon. Some of the papers say that our regiment is included in the list of those to go to Porto Rico, but we have heard nothing of it. We all hope to go with the first expedition.

Privates Wm. Richards and Paul Roepka, who have been quite sick, were discharged from the hospital today. Private George Butler, who has been sick in quarters a few days, was taken to the hospital. No doubt he will be all right in a day or two. Lieutenant Kerr, who has been feeling very sick for some time, is feeling much better.

Wednesday morning the regimental trumpeter sounded the call "to arms." Company G was the first of our battalion on the parade ground; time, two minutes and forty seconds. Company B made it in two minutes and fifty seconds. The regiment was formed in three minutes, twenty seconds.

CHOSE DELEGATES.

Republicans Select the Men Who Will Name Candidates.

A Majority of the State Delegates are Supposed to be for Major Wilson for State Auditor.

The republicans Saturday evening selected delegates to the state, senatorial and county conventions. There was no contest except on state delegates. An effort was made to send a delegation opposed to Major G. W. Wilson, who is a candidate for state auditor. The fight against him was successful in only three wards, the First, Third and Fourth. It is believed one or two other delegates may not support him, but it is certain he has two-thirds of the city delegates. In the First ward C. R. Higgins, one of the defeated candidates for delegates, alleges that the primary was illegally conducted and may contest. The delegates chosen are:

First ward—J. H. Bilderback and Jacob Funk.

Second ward—R. B. Hanna and E. K. Dorr.

Fourth ward—Col. R. S. Robertson and R. B. Dreibelbiss.

Fifth Ward—Samuel Morris, John W. Sale and G. W. Wilson.

Sixth Ward—Theodore Thorward, John Morris, jr., and Wilmer Leonard.

Seventh Ward—George Huber.

Eighth Ward—A. H. Dougall and George Solliday.

Ninth Ward—Drs C. E. and J. E. Stults.

Tenth Ward—Frank Alderman and T. Devilbiss.

Adams Township—R. S. Bell.

Wayne Township—Charles Fairfield.

St. Joe Township—Fred Geibel.

Jefferson Township—Caleb Townsend.

Washington—Elmer Leonard and Mr. Cook.

Lake—Jacob Coulter.

There were bitter contests in the Second and Third wards, W. E. Clapham and John T. Dougall losing in the second and Dr. L. A. Worch and Henry Stouder in the Third. In the Fifth a printed ticket was sprung with Major Wilson's name not on it, but the ticket secured only ten votes.

A party composed of Mr. and Mrs. Osborn, Mr. and Mrs. Perry, Mr. and Mrs. C. G. Fox and Mrs. Cohagan went to Lake Everett to camp Saturday and Sunday. All had a good time fishing.

IMPORTANT VISIT.

Ambassador Von Holleben's Call at the White House.

He Bore the German Emperor's Message of Friendship and Good Will to the President.

CHICAGO, July 25.—The Record prints the following special this morning from its Washington correspondent:

Too little attention has been paid to the visit which Mr. Von Holleben, the German ambassador, made at the white house last Friday. It was the most important event in the diplomatic history of the war since the joint visit of the four ambassadors last April, and has a profound significance in connection with the attitude of Germany toward the Philippine islands and our policy in the east. There has never been any concern on the part of the president and others in authority about the interference of the Germans in our affairs, and now such a thing is impossible. No attempt is made on either side to conceal the fact that Mr. Von Holleben visited the president for the purpose of presenting a personal message from his imperial highness, and while the words have not been disclosed the general character of the message was entirely satisfactory.

When an ambassador from a foreign country calls upon the ruler of the government to which he is accredited, it is always an event of importance and significance. It does not occur very often. I do not believe that any ambassador called at the white house while Mr. Cleveland was president nor while Mr. Harrison occupied that office; nor did President McKinley receive any such distinguished visitors until after the beginning of the war. The German ambassador came all the way from New London with the thermometer at ninety-six in the shade on Friday, and returned to his summer home after less than four hours in Washington. He took the trouble also to make an appointment by telegraph in advance. Mr. Von Holleben has been in this country more than a year. He has met the president repeatedly in society, at white house dinners, receptions and other official functions, but never called upon him in this manner before, nor would he have made a very disagreeable journey this time if he had not been intrusted with a message from the emperor of Germany. A message from the prime minister or the minister of foreign relations would have been delivered through the secretary of state. The president of the United States does not receive communications from subordinates of other governments except through a subordinate of his own; only sovereigns send their communications direct. Hence the German ambassador could have gone to the white house for no other purpose than to convey an expression of friendship and good will from the kaiser. In view of recent incidents in the Philippine islands and recent publications in Europe and the United States, the visit was very gratifying to the president.

TIME FOR BLOW IS FIXED.

Carlists Will Rise the Moment Peace for Spain Seems Assured.

LONDON, July 25.—The Madrid correspondent of the Daily Mail says:

"The government is closely watching the Carlists throughout the country. Carlist clubs have been requested to furnish complete lists of members, with addresses, and many will probably close rather than comply.

"I have reason to know that when the time comes the outbreak will be general, but Don Carlos will not give the signal until peace is concluded or until it is known that the peace conditions will be such as to provoke the people to indignation. Marquis De Cerralbo, the representative of Don Carlos here, has gone to Brussels to confer with his chief."

The Madrid correspondent of the Times says:

"There is still much talk about Carlist intrigues and preparations, but the government, though vigilant and ready to act energetically if necessary, seems to think that at present there is no serious danger of untoward developments.

"The danger of republican movements is still less. Emilio Castelar has just rendered a service to the cause of order by publishing a long letter, in which he impressed upon all good Spaniards the necessity of sinking party differences and remaining firmly united at the present critical moment.

"'Patriotism, like the church,' says Castelar, 'imposes unity on us, and if unity does not exist let us be silent on the subject.'

"The project of presenting him with an address of confidence signed by 100,000 of his admiring fellow citizens, has been indefinitely postponed."

MILLS ARE BEING CLOSED.

Wire Nail Trust is Carrying Out Its Threats in Indiana.

ANDERSON, Ind., July 25.—The wire nail trust, which has already closed its plants at Salem and Findlay, Ohio, and Beaver Falls, Pa., because the workmen would not stand a heavy reduction of wages, began today carrying out their threats to close the Anderson plants for the future. They also threaten to do the same thing at Cleveland.

POSSIBILITIES IMMENSE.

So Declares a Mining Expert of the Klondike Gold Fields.

SAN FRANCISCO, July 26.—C. P. Kines, who represents a New York syndicate, has returned from the Klondike, which he regards as the richest mining region in the world. He said in an interview:

"What greatly impressed me is the wealth and extent of the bench claims. As an instance I saw a claim on the ninth tier in French Gulch which appeared to be 1,000 feet above the creek bed, which was turning out $1,000 per day. What extent of territory this class of ground covers no man knows, and the development of the diggings will probably occupy years. As to quartz ledges, after careful investigation, I am strongly inclined to the belief that they no longer exist in that region. As to the future possibilities, I would say that they are apparently immense."

CRAIG HEARD FROM.

Writes an Interesting Letter From London.

He Tells of the Fire on Board the Catalonia—Sunday School Delegates Welcomed in London.

No. 10 BEDFORD PLACE,
RUSSELL SQUARE,
LONDON, ENG.,
July 11, '98.

SENTINEL:

The steamer Catalonia, with her 204 delegates, arrived at the docks in Liverpool at 6:10 Sunday morning. The trip was a very pleasant one, notwithstanding a few things which were not down on the program. The second day and night out we encountered a very heavy fog, which was disagreeable and particularly so as the deafening sound of the fog whistle sounded ten seconds out of each minute.

On Wednesday night, July 6, between 11 and 12 o'clock, imagine our feelings when we were apprised that the steamer was on fire and in a few minutes nearly all the passengers except the steerage were up on the hurricane deck. The fire was in the aft hold of the ship and had gained considerable headway before discovered. It was hard to fight through the hatch-way, but the crew was well trained as well as noble, and be it said to the credit of the passengers they kept their heads. This was largely due to the extreme coolness of the crew. The night was calm, but very dark, and when by a very careful estimate of the life saving capacity it was learned that the sixteen life saving boats and 1,300 life preservers would accommodate double the number of persons on board, our fears were allayed greatly. It was not until 2 o'clock that the fire was entirely subdued. Several bales of cotton had to be cast overboard, the fire having gotten such a hold upon them.

Nothing else aside from a half day of rough sea came to mar the pleasure of the trip and at 7:10, just one hour after we tied up at the dock, the order came to go ashore. Those having only hand "luggage" were not detained in the custom house at all.

By a unanimous vote on Saturday morning, knowing then our arriving time in Liverpool, we decided not to proceed to London Sunday, but rest in Liverpool. The delegates scattered about to the different hotels, myself and thirty-eight others going to the Shaftsbury, on Mount Pleasant hill. At this hotel they have morning and evening worship in the parlors, the proprietor leading. The proprietor informed me he had kept up this practice since he took charge of the place. The good Christian people of Liverpool found at their morning services here and there throughout the city the presence of about 200 "Hamericans," all wearing their badges. We are kindly received everywhere, and a reception was tendered the delegation at the Y. M. C. A. after the evening services.

At 6:02 this morning we left, via the London and Northwestern railway, by special train, arriving in London at 10:15. The headquarters of the committee are at 56 Old Bailey street. By noon all had received their necessary credentials and were located.

It is no more trouble to find your way about London than the larger cities of the United States.

From 3 to 6, by special request, the thousand delegates who had arrived, were conducted through the large six story building of the British and Foreign Bible society, situated at 140 to 148 Queen Victoria street. Here tea was served in the spacious library and committee rooms, and we were given our first welcome to London. The welcome address was delivered by Dr. Wright, whom everyone knows who reads the Sunday School Times, by his splendid articles. This evening from 7 to 10, we are to be entertained at the Mansion House by the lord mayor and the lady mayoress of London.

Profound sorrow filled our hearts when, at the meeting at the bible house, the names of the four delegates from Wisconsin who lost their lives in the disaster which befell the French steamer, were announced.

The Fort Waynes have braced up and won two games in succession. The games played Saturday and yesterday indicate that the Hoosiers have all the ability necessary to defeat any team in the Inter State league, and the change in management seems to have induced the boys to put up a gilt edged article of ball. Although it rained after dinner almost 400 people saw the Fort Waynes take a scalp from the Youngstowns. The grounds were muddy and prevented perfect fielding and many hits were credited which on better grounds would have been outs. Martin and Reiman were opposing twirlers and while both were batted hard the Fort Wayne's hits counted most. Griffin, Hickey and Flood had their eyes on the sphere, Griffin securing three doubles, Hickey two doubles and a triple, and Flood three singles. And these hits all came when they counted. Griffin and Fisher played elegant ball, and in spite of the mud ate up several apparent base hits. The best work of the visitors was done by Steen, Pender and Cooke in the field, and the outfielders excelled at the bat. The umpiring of O'Meara and Alloway was eminently satisfactory. The team has shown its quality and there should be big crowds out to see the three Toledo games, commencing Thursday. Score:

HERE IS A WARNING.

Wheeling News: "A prominent local business man has been negotiating with President Powers for a franchise for some time past, and that official has virtually promised him the first vacancy. About the only reason why he wants to take it is because he wants to hold it for next year, when it is probable, if the war is over, there will be some money in the sport. So far all the Inter-State managers have lost money, and it is remarkable that they have held out so long."

SPRINGFIELD WILL REMAIN.

SPRINGFIELD, O., July 25.—The infusion of new blood into the Springfield Base Ball Club company, which is to be reorganized soon under different management, and the recent financial crisis which came very near ending in the transfer of the franchise to Wheeling, has been instrumental in working up more interest in the team than there has been at any time this season. The change in the management of the company will not directly affect the team in the least, however, as Manager Whistler is to remain in sole charge of it, as he has been all season. The call for aid in keeping the team here is being quickly responded to, and enough money has already been subscribed to practically insure the retention of the team here. Since the club came so nearly leaving the city the week day attendance has been larger than it has ever been this season. The new plan of making every day ladies' day, and charging the women fifteen cents for admission to the grounds, allowing them free access to the grand stand, has so far worked well, and it is thought that it will be a great benefit to the team.

NOTES.

Reiman and Hickey did not accompany the Fort Wayne team to Grand Rapids this morning.

The Yales defeated the City Juniors by a score of 6 to 3. Batteries—Yales, Hinkle and Templar; City Juniors, Sessier and Mulhearn, Shoaff and Robison.

The Lillies beat the Pleasant Hills yesterday by a score of 18 to 17, on the Pleasant Hills' grounds, corner of Lillie and Edgerton streets. Batteries—Pleasant Hills, Meismer, Streider and Freedman; Lillies, Hughes and Hohnhaus.

Everybody interested in seeing the Fort Wayne club remain in Fort Wayne should attend the meeting with President Power at the Randall hotel tonight. Fort Wayne cannot afford to lose the ball club, especially as every indication now is that the team has struck its winning gait.

Joe Ricket, outfielder for the New Castle team, will be National league property next year. Some time ago Witt K. Cochran, of Chicago, while in Toledo, saw Rickert play, and on returning to Chicago recommended the youngster to President Hart. Mr. Hart sent an agent of the team to witness two full series of the New Castle team, during which Rickert distinguished himself in the field and made twelve hits. The agent reported favorably to Mr. Hart, and Rickert will go to Chicago in 1899.

Washington Post: "It's an odd commentary that Montreal and Toronto, two foreign cities, should furnish the shot for the Eastern league locker. Dooley's Montreal toboganers and Arthur Irwin's Kanucks are the only teams on the Eastern organization that figure on the velvet side of the ledger. 'England is backing us up in this scrap with the cigarette demolishers down in Cuba and an English province is the backbone of base ball in the Eastern league,' is Jimmy Fields' comment on the base ball situation in Pat Powers' league."

WITH THE PARK TEAMS.

The Shamrocks were not booked at the park yesterday. The club went to Logansport, and were defeated by a score of 5 to 0. Robbins struck out fifteen men, and but three hits were made off his delivery.

The Crystals forfeited the game scheduled with the Standards yesterday afternoon by failing to put in an appearance. It is understood that the team has disbanded. No notice to this effect was sent to the president of the league, however, and as the Standards were on the grounds, the game falls to them.

The Spy Runs won their third successive game yesterday, defeating the Blues by a score of 8 to 7. The game was a pretty exhibition and was greatly enjoyed by the spectators. Ertle and Hoffer were in the points for the Spy Runs and Shawyer and Boseker for the Blues. Hits—Spy Run, 7; Blues, 7. Errors—Spy Run, 3; Blues, 3.

AN OLD SHOPMEN.

Conrad Schwehn Died of Old Age Last Night.

The Electric Light Employes Have an Outing—Pennsylvania Shopmen Indulge in Athletics—Shop and Rail.

Conrad Schwehn, one of our old German citizens, died of old age last night, at his home, 18 Orchard street. The deceased was seventy-three years old and leaves five grown children. The funeral will probably be held next Wednesday, but the hour has not been selected. Mr. Schwehn was employed in the Wabash boiler shop over thirty years. He retired from that work about two years ago on account of old age, and since that time has been unable to do much. A son, John Schwehn, is employed in the blacksmith department of the Wabash shops.

A CONDUCTOR'S MYSTERIOUS DEATH.

John Parish, a Panhandle conductor, was buried at Richmond yesterday. He met death by falling from his train near Eaton, Ohio, last Friday. His train was pulling in on a siding, when the limb of a tree brushed Parish off and his skull was fractured by striking the rail. This is the theory advanced by the authorities at Eaton. The trainmen, however, entertain a different view of the accident. No one saw the conductor fall, but the position in which he was found and the marks of the gravel on his face indicate, the trainmen say, that he did not strike the back of his head against the rail. Parish had had trouble with a tramp at Eaton and the trainmen believe the fellow knocked the conductor off the train by hitting him with a stone or some other hard missile. The matter has been placed in the hands of the railway detectives.

THE ELECTRIC BOYS' OUTING.

The third annual picnic last Saturday at Robison park of the electric light employes was a much greater event, both in a numerical and a financial sense, than either the first or second picnics given by those men. There were over 2,000 tickets sold and a net profit of over $100, which snug sum has been added to the relief fund. Never was there a better natured, jollier crowd and every person in it will testify to the pleasure of the outing. The athletic sports came off in the order given in the program published last week. Stated briefly, the results were as follows:

100 yards dash—Bert Hadley, first; James Willson, second.

Putting twelve pound shot—Bert Hadley, first; G. Mills, second.

100 yards dash—boys under fifteen years of age—H. Meyers, first; Gus. Willson, second.

Standing high jump—Bert Hadley, first; James Willson, second.

Three-legged race—F. Harter and W. Meyer, first; P. Smith and J. Ashley, second.

Tanden, 50-yard dash—Bert Hadley and F. Albright, first; Harry Graham and A. Knoll, second.

Standing broad jump—Bert Hadley, first; Howard Thompson, second.

The married men's handicap race was tied by A. L. Hadley and N. Howe, and will be decided by another race this week, probably tomorrow morning.

One-half mile relays, three teams of four men each—Won by Brizzolari's team, composed as follows: H. Aumann, A. Harter, T. Weldon and Bert Hadley.

Tug of war—Store room vs. factory—Former team won: W. Seibold, C. Shaffer, F. Hilgemann and W. Martin.

One half mile boat race—W. Rogge, first; D. Pettit, second.

100 yard swim—C. Miller, first; G. Mills, second.

The name of Bert Hadley appears frequently as the winner. This is not because of a small number of entries in the events, but is due entirely to the young man's athletic abilities. As an all-around athlete he has few equals.

YESTERDAY'S EXCURSIONS.

Over 700 Fort Wayne citizens "took in" the excursions out of this city yesterday. The various roads report ticket sales as follows: Pennsylvania, to Chicago, 144; Grand Rapids and Indiana, to Rome City, 304; Wabash, to Toledo, 165, and to Put-in-Bay, 35, and Nickel Plate, to Chicago, 127. Only one road, the Findlay, Fort Wayne and Western, ran an excursion to this city. That road brought in about 200 people, who spent the day at Robison park. Several of the excursionists to Chicago took their bicycles and spent a portion of the day in riding around that city.

BADLY CRIPPLED.

W. T. Marks, a machinist at the Pittsburg shops, had one of his feet lacerated upon a broken beer bottle yesterday. The wound is circular in form and in places extends to the bone. Mr. Marks received the injury while bathing in the St. Joe river, above Centlivre's brewery, with some companions. He was able to hobble home, but this morning the wounded member was badly swollen and caused much pain.

PENNSYLVANIA ATHLETIC CLUB.

The Pennsylvania Shopmen's Athletic club held its second meeting Saturday afternoon at Centlivre park. Perhaps the most interesting event of the day was the second bicycle race between Philip J. Singleton and Michael Ehrman, which resulted in victory for the latter.

The ball game was between a club from the erecting department, captained by Frank Scheid, and one from the vise and lathe department, captained by W. Y. Cherry. Schied's team won by a score of 31 to 5. Batteries—For the erecting gang, Marks and Schied; for the lathes, O'Connell and Meenan.

The ½ mile handicap bicycle race was an exciting event. There were eleven entries and the result was as follows: First, William Fitzpatrick; second, Ambrose Benedict; third, Michael Tierney. The two former were "scratch" men.

The club will hold another meeting next Saturday afternoon at the same place.

A WORTHY MAN PROMOTED.

William G. Cameron, one of the faithful employes of the Wabash, has been called to a higher position than that of night yard master at this point. This morning Mr. Cameron was summoned to Peru, where he was informed that the company had decided to advance him in the service and he would hereafter be the general yard master at Tilton, Ill. The position is much more important than the one filled so long here by Mr. Cameron, and when he received notice of the appointment it nearly took his breath. While Fort Wayne friends regret his removal from the city, they rejoice with Mr. Cameron in his good luck.

General and Local Gossip.

Machinist Louis Kopp, of the Wabash, is sick and off duty.

Captain Stoll has recovered from an attack of stomach trouble.

Charles Waldman, boilermaker at the Pittsburg shops, is sick and off duty.

Brakeman A. Staley, of the Nickel Plate, was a visitor at Latta, Ohio, over Sunday.

H. Imbody, Nickel Plate brakeman, has returned to work after several days' lay off.

Nickel Plate Brakeman A. P. Keith is visiting the scenes of his boyhood in Ohio, near Columbus.

H. Wieneke is a new name on the pay roll at the Bass works. He was given a position in the blacksmith shop.

Engineer Frank Sleeper is taking a few days' rest. He is employed on the force in the Nickel Plate yards.

Henry Keil, time-keeper at the electric works, will go to Denver soon. He has been in poor health for several weeks.

W. A. Maddux, foreman of the Nickel Plate wreck crew, is taking a week's vacation, which he will spend at Rome city.

Fred Lenz, whose sad bereavement was noted last week, reported for duty at the Pittsburg blacksmith shop this morning.

Nickel Plate Engineer Michael McCarthy has taken a ten day's vacation, and left yesterday for Crestline, Ohio, his native city.

The new $2,000,000 union station at Pittsburg has been shelved for the present by the Pennsylvania, owing to a hitch in the plans.

As an economical measure the shops of the Vandalia at Effingham will be closed and all work will be done at the Terre Haute shops.

James Hamilton came home from western New York last Saturday and has reported for duty on the Nickel Plate. He is a brakeman.

Leon Stouder, Nickel Plate fireman, fell off his cab step last Friday, and severely sprained one of his wrists. He will be unable to work for several days.

Cornell Morganthaler and Charles Meyers, of the electric works, are taking a week's vacation. The former goes to Rome City and the latter to Hot Springs, Ark.

This is a busy week for the clerks at the Bass works. They are engaged in taking an inventory of the stock, preparatory to turning it over to the new firm August 1.

Walter Gerberding resumed his duties in the Pennsylvania freight office this morning. With his wife, Mr. Gerberding had been spending his vacation in Cincinnati.

The Pullman works were short of skilled workmen last week and agents of the company were out in search of men. They succeeded in finding them in Lafayette and South Bend.

Martin Didion, who had been employed for two or three years in the Pittsburg lumber yards, resigned there Saturday and this morning took a position in the Bass blacksmith shop.

Brakeman J. F. Leggett, of the Nickel Plate, has been transferred from the through to the local freight service. He has been assigned to a run between Knox and Stony Island.

J. H. Lebenberger is in a bad way physically. He is afflicted with stomach trouble, and has been unable to work for the past six weeks. He is employed as a car repairer by the Nickel Plate.

The Indianapolis division of the Brotherhood of Locomotive Engineers had a big picnic at Lafayette yesterday. The crowd, while it numbered over 1,000, was not as great as expected.

Dr. Welsh, of Grand Rapids, the expert color blind examiner, who has been examining the employes of the Grand Rapids and Indiana company, has finished that task and this morning left for his home.

On August 1 J. H. Hawthorn, master mechanic of the Erie shops at Huntington, will go to the Lehigh Valley road, and be succeeded by Master Mechanic Donahue, of the Erie shops at Meadville.

Louis Rehling, who collided with a wagon and broke the bone of his right thumb five weeks ago, resumed his place at the forge in the Pittsburg shops this morning. The injured member is still quite sore.

Passenger Conductor Ben Stonecifer, of the Lake Erie and Western, who has been ill for several days, is improving. Mr. Stonecifer is one of the oldest conductors on the "Muncie" and he enjoys the confidence of the officials, as well as the good will of the patrons of the line, to a remarkable degree.

John Betz, who is employed in the lumber yards of Hoffman Brothers, was severely injured Saturday afternoon by falling from a tall pile of lumber. He was taken to his home, No. 50 Swinney avenue, where Dr. J. M. Dinnen examined him and found his injuries to consist of bruises about the arms and hips.

Several of the men who had been on the absentee list for the past week or two reported at the Pittsburg blacksmith shop this morning. Among them were Joseph Carry, Williard Brossard, Cas Lehmkuler, Ed Mennewish, John Connors and George Killen. All were sick except Mr. Killen, who was in Chicago.

On August 1 the freight claim department of the Pennsylvania lines west of Pittsburg will be established and concentrated at Pittsburg. At the last meeting of the executive officers of the Pennsylvania, Edward E. Wright was selected as head of the department, and he will be known as freight claim agent, having under him forty assistant claim agents and clerks.

Brown Brothers, who own 1,000 acres of land in the Kankakee marshes, have brought suit against the Monon railroad, alleging $50,000 damage to land by fire, having its origin in a spark from a locomotive. Other railway companies have suits pending in the courts in that section for similar damages. When the Kankakee becomes dry, its soil burns like tinder.

The strong eastern lines are seeking to effect a readjustment of conditions between themselves and the socalled differential lines. It is said that a common standard of time between Chicago and New York will be fixed, and that all trains making that time or slower will charge the same rate of fare, and all making better time pay a penalty for so doing by charging an excess of $1 an hour. The subject will probably come up before the eastern men at Niagara Falls next Monday.

NEW VICAR GENERAL.

Rev. John H. Guendling Installed Sunday Morning.

Rev. John H. Guendling, the new vicar general, was installed at the Cathedral yesterday morning, and the ceremonies were characterized by a solemnity befitting the occasion. The church was crowded with members of the congregation and others, and the altars were beautifully decorated. Solemn high mass was celebrated by the new vicar-general, the choir rendering a special musical program. The sermon was preached by Rev. Father C. B. Guendling. It was very brief, owing to the intense heat, consisting of a few remarks on the gospel of the day. In closing Father Guendling referred to his approaching departure from the field where he had labored for six years. He recalled briefly the years of his ministrations, and feelingly mentioned the many demonstrations of love and regard of which he had been the object, from the parishioners. He thanked the congregation for the many kindnesses extended, the assistance rendered him in the arduous duties of his holy office, and expressed the hope that his work among them had not been in vain, that some portion thereof, at least, would be blessed by the salvation of some souls. He asked their prayers for God's blessing on his future labors.

Bishop Rademacher made a few remarks in introducing the new vicar general, who will also be the rector of the Cathedral. The new vicar said that he felt the responsibility incumbent upon him in taking the position of the lamented Father Brammer, whose place, he said, could really never be supplied, but he hoped, by the help of God, to faithfully carry out the work allotted to him.

LIKE THE LAW.

Curfew Measure is Popular in Evansville.

Mayor and Chief of Police Say it is Effective and Not Difficult to Enforce.

Councilman G. R. Hench, of the First ward, has returned from Evansville, in which city he spent a day or two last week. While in the Ohio river city Councilman Hench obtained some information as to the workings of the curfew ordinance which recently went into effect there.

The ordinance was passed by an unanimous vote of the city council. Evansville, like Fort Wayne, has a very large per centage of citizens of German birth or extraction, but there is no evidence that such fact cut any figure in the matter of a curfew law. Germans in Evansville are as rational as Germans in Fort Wayne. There, as here, they are not seeking to make public concerns a matter of race prejudice.

Mayor Akin, says Mr. Hench, is an ardent advocate of the law, which, the mayor says, has worked admirably since it went into effect. The results were prompt and distinct.

Chief of Police Prickett likewise told Mr. Hench that the curfew measure was operating effectually for its intended purpose, and that it had the approbation of the entire police force, whose duties it made easier and far less annoying.

Upon a point that has been raised in Fort Wayne, Mr. Hench cites the opinion of the Evansville mayor and chief of police, and that is the cost of enforcing a curfew law. The Evansville officials declared it required no greater number of policemen to enforce the curfew law effectually than were required before that law was passed. The provisions of the curfew law gives the police specific authority to keep youngsters off the street after certain prescribed hours at night, and instead of having to devote time to watching suspicious boys without being authorized to deal with them, as previously was the case, they may compel roystering urchins to go home and remain there or abide the consequences. The same number of patrolmen as formerly is making the curfew law a success in Evansville.

Mayor Akin, who is a democrat, is a firm friend of the law and declares he would have no hesitancy in again officially approving such a law if it were presented to him.

THE LAWN SOCIAL.

The Hamilton Lots Will be a Place of Beauty.

Electric Lamps Will Furnish Light for the Occasion—City Band Will Furnish Music.

The lawn social for the members of companies B and G promises to be one of the most enjoyable occasions of the kind ever held in Fort Wayne. Mrs. Reese and Mrs. Fonner have completed arrangements with Manager Guild, of the Jenney Electric Light and Power company, to furnish the power, and the F. W. Edmunds Electric company will string the wires. The City band has agreed to furnish the music for the occasion. The Hamilton lawn will be filled with tables and chairs and half a hundred ladies will wait on the visitors. Donations of $5 each have been received from Miss Hamilton and C. D. Tillo, and promises of many other donations are made. Every indication is that the affair will equal the one given at the Alderman home last week. The Hamilton homestead is centrally located at the corner of Lewis and Clinton streets, and street cars pass by the gates. Everybody can come.

AT ROBISON PARK.

The Theatrical Bill is Fresh and New and the Best of the Season.

Large audiences were the rule both afternoon and evening at Robison park yesterday. The attendance in the afternoon was smaller than it would have been but for the rain which poured shortly after 1 o'clock. At the park, however, not a drop of rain fell all day and the breezes were delightful compared with the almost insufferable heat in the city. After the performance at the theater last night Manager Heilbroner was the recipient of numerous congratulations for the excellence of the performance presented. Ameta, the electric dancer, gives a most wonderful exhibition—something entirely new and never before presented to a Fort Wayne audience. The cinametograph is also a feature and the war pictures are realistic and wonderful. The other acts are also up to the standard and there is not a lame number on the program. Manager Heilbroner says he is confident that the attendance at the park this week will exceed that of any week of the season.

CONQUERS RHEUMATISM.

A New and Powerful Remedy That Cures the Disease.

Has Accomplished Many Wonderful Results in Chronic Cases.

Gloria Tonic is a specific for one disease. It has had a remarkably severe test in some chronic cases of rheumatism. Experience has shown that there is no doubt exists as to this remedy being nature's antidote for the peculiar malady. A resident of Harvey, Ills., Thomas Callahan, after suffering continuously for four years, was entirely cured and has been instrumental in making the remedy well known in his town, where it has become the standard cure for rheumatism.

Gloria Tonic is not a cure-all, but a specific for rheumatism only and in many hundreds of cases has never been a failure. No one can afford to doubt the wonderful success of this great remedy.

Testimonials and explanatory circular will be sent to those who write.

Gloria Tonic accomplishes these great cures by its peculiar action on the blood, driving out all poisonous acids and calculous deposits.

For sale by all druggists. Price $1.00 per box.

Prepared by John A. Smith, 243 Summerfield Church Building, Milwaukee, Wis.

SILK MUCH UNDER PRICE!

Remodeling Going On.

Every square inch of selling space being contracted, making the selling of the goods at a less price a necessity—to do it quickly. The last move drove domestics on one side and silks on the other to quarters close.

Sheeting and Muslins, way below value

And, too, 8⅓c Fine Percales at 5c a yard.

12½c 36-inch Percales at 8⅓c a yard.

All domestics get the remodeling cut to small prices

Every yard of silk in the house reduced in price—Black and Colors, plain and fancy.

Reductions all through the Linen department.

Comfort loving people will find on second floor Mosquito protectors, Bed Canopies, made up on frames at $1.00 each. Cheap as you can buy net alone. Single frames uncovered, 50c each.

Wash Dress Fabrics take a big tumble, 10c, 12½, 15c, 18c and 20c. Organdies, Dimities, Corded Bastistes, at 6¼c.

45c fine French Organdies, now 30c.

Shirt Waist Extenders, in Black and White, at 10c each. A most comfortable article, at corset counter.

One more case of those splendid Fast Black Stockings for women. The 30c quality, price 2 pair for 25c, extra length, seamless, double heel and toes.

All persons holding coupons for oil paintings must present them by Saturday. The artist, MR. WIGARD P. WINK, will leave us at that time. No paintings will be given out after that date. His handsome oil paintings free until Saturday.

NEWS NOTES.

Mrs. James Daley, of Bluffton, is the guest of Mrs. C. O'Connell.

James Smith, of Rhineslander, Wis., is in the city spending several weeks with his family.

Charles Ryan, the Montpelier attorney, spent Sunday in Fort Wayne with his brothers.

Mrs. Charles W. Dwelly and Mrs. Jacob Spidle returned from a visit in Pittsburg, Kas., Saturday evening.

Mrs. Louis Kassen and children went to Lima today to see the lady's grandfather, who is lying ill at his home in that city.

Mrs. Edward White and Mrs. James B. White, jr., will leave in a few days for Petoskey and other northern summer resorts.

Mrs. J. H. Meyers, of Grand Rapids, arrived in the city Saturday and is the guest of Miss Emma Becker, of West Berry street.

Mrs. Franklin Potter, who has been the guest of her sister, Mrs. Mabel Clayton, returned Sunday to her home in Casselton, N. D.

The ladies of Degree of Honor No. 2 will give a lawn social at the home of Mrs. B W. Skelton, at 126 West Jefferson street, on Wednesday evening.

John Ley, of Ash Grove, Mo., and Frank Schmenk, of Avilla, who have been the guests of the Misses Schmenk, of West Jefferson street, returned to their homes yesterday.

Misses Lydia and Bertha Harris entertained a number of friends informally Saturday evening. The guests from abroad were Miss Lichtenberg, of Buffalo; M. Wagner and E. Lardeck, of Milwaukee, and M. Hennesly, of Cincinnati.

A party of young folks enjoyed a very pleasant outing Sunday at Miner's grove. A delicious dinner and refreshments were furnished by the ladies. The reception was given by the Misses Mertz in honor of Ralph Parker, of New Haven.

Word comes to the city that Lieutenant Will Kerr, of the Rifles, is very ill with typhoid fever, and that he has been in an unconscious condition for two or three days. He will probably be sent north to one of the hospitals away from the coast.

The fire laddies were called out twice Saturday afternoon to deal with the fire fiend that had started in the grass, having caught from sparks from an engine. The first run was made into Bloomingdale and the second into the eastern part of the city.

There should be better facilities for getting water at the artesian well at Swinney park. The pipes should be increased to twelve or fifteen and three or four cups should be placed at each spout. With only two places for drawing water a person is often compelled to wait five or ten minutes before his turn comes.

Mrs. R. S. Taylor and son, Frank, are occupying their cottage at Mackinac Island.

Miss Frank Hickley, of Benton Harbor, Mich., is the guest of Miss Julia Emanuel.

Miss Anna Brill, who was the guest of Miss Carrie Roth, has returned home to Cincinnati.

Miss Tillie Klepper gave a bicycle run Friday in honor of Miss Brown, of Fort Worth, Texas. The run was made eight miles east of the city to the home of Mrs. George Shorden, where they spent the day. The party was chaperoned by Mrs. Davenport.

Sunday afternoon at No. 95 John street, Rev. A. W. Ballinger united in marriage A. W. Ireland, of this city and Ella Malcolm, one of Huntertown's most estimable and respected young ladies. The wedding was a very quiet affair, only a few of their many friends being present. Today Mr. and Mrs. Ireland will take a short tour east and will be gone for a week, when they will return and make their home in our city, where Mr. Ireland has lately purchased property.

Mr. and Mrs. Julius Kushnay, who reside at the corner of Montgomery and Monroe streets, were given a surprise Saturday evening, in which the guests numbered over fifty. The event was in honor of Mr. Kushnay, who passed another birthday Saturday. The early part of the evening was given over to cards, followed at 11 o'clock by a grand feast, which included all the delicacies of the season. Mr. Kushnay was presented with two boxes of fine cigars, a meerschaum pipe and a handsome rocking chair and his wife received a handsome silk dress.

The Lakside Aid society will give a lawn social some time during the month of August for the benefit of the Fort Wayne soldier boys, and promises the public in return for their patronage, their best in the way of entertainment. Every residence on Columbia avenue between Loree street and the big bridge will be handsomely illuminated, and the pretty and spacious lawns lighted and furnished with seats. The ladies wish to await the return of Mr. and Mrs. Frank Stouder, upon whose co-operation they depend. They also hope the bands and musical societies will contribute to the success of the evening and to the aid and comfort of our boys in the field.

THE SUTHERLANDS

Are Visitors in the City. Their Beautiful Hair Attracts Large Crowds.

The celebrated Sutherland sisters are in the city for the next two weeks and are located at the Gross & Pellens' drug store, corner of Calhoun and Wayne streets. They are here for the purpose of advertising their hair preparations of their own manufacture. These sisters are famous on account of the great length, thickness and quality of their hair, which is solely due to the use of their preparations. They will exhibit in the display window of the store showing the great length of their beautiful tresses, which is over seven feet.

Their preparations are standards, and are used for cleansing the scalp, promoting the growth and quality of the hair. Four years ago when in this city, they attracted much attention, and great benefits were derived from their remedies sold at that time.

Mr. and Mrs. E. H. Bookwalter have tendered their home to the members of Simpson M. E. church for a lawn social next Tuesday evening. The public is invited. Ice cream will be served for the many that favor them with a call. 23-3t

U. S. CONSUL CURED OF ECZEMA BY CUTICURA

I had an attack of Eczema, and ordered a box of ozide of zinc ointment. The first application enhanced the Eczema to infinite, which seemed unendurable. The druggist had used a similar remedy and I was poisoned. A local physician did not help matters. Then everything either failed to help, or made it worse. I was becoming despondent, when I thought of Cuticura Remedies, and distrusted my recovery for a cake of Cuticura Soap and a box of Cuticura Ointment. The first application relieved me and in three days I was well.

TO STOP FIGHTING.

Spain Will Propose an Armistice While Asking for Terms.

QUEEN REGENT IS WORKING FOR PEACE.

LONDON, July 25.—It is announced in a special dispatch from Madrid, published here this afternoon, that the Spanish government has drawn up a message, addressed to the government at Washington, proposing an armistice for the purpose of discussing the terms upon which peace with the United States can be arranged.

THE QUEEN REGENT ANXIOUS FOR PEACE.

PARIS, July 25.—A special dispatch from Madrid gives the following account of the queen regent's daily life during the present crisis:

"Poor queen! This is the exclamation so often heard of late, day after day, as matters grow worse and worse, as the Spanish disasters repeat themselves and as the throne of the little king seems slipping from her hands, into which it was given in trust.

"I see her majesty looking careworn and anxious. Even her drives are becoming fewer and fewer. It would surely appeal to any mother in the world were she to see the way this queen mother each day seems to cling closer to her boy, as though to shield him from the dangers closing about him with almost fatal force.

"It is very touching to witness it. Her worst enemies recognize in the queen personal qualities worthy of the highest admiration.

"The queen used every means at her disposal to prevent war. Her great hope lay in Senor Moret (Senor Moret y Prendergast, the former minister of the colonies) and he would have carried his point but for Senor Gullon (the former minister for foreign affairs.) Today, and ever since the war began, the great occupation of the queen is to find the quickest way for its termination. At many of the councils of late held at the palace, the queen has burst into tears, begging and urging her ministers to seek a solution for the terms of peace, which they seem incapable of materializing. Peace, which the queen with common sense, sees to be of such vital importance, and which her ministers keep postponing with the word so fatal to Spain—'manna' (tomorrow). The queen has taken every chance offered in the turmoil of putting in a word for peace and, little by little, she has finally managed to bring the cabinet to her view and to thoughts of peace."

HOPE FOR A WAY TO BRING ABOUT PEACE.

MADRID, July 25, 5 p. m.—(Delayed in transmission)—The correspondent here of the Associated Press has had an interesting conversation with a person occupying a high position in the queen regent's household and whose duties bring him daily into intimate relations with her majesty.

He said the quarrel between Spain and the United States is much easier of adjustment than is generally believed.

The queen regent, he continued, naturally endeavored to avoid war and also she desires an honorable peace. She is quite alive to the force of public opinion, and holds strictly to the constitutional laws of the nation.

It is an error to suppose the queen regent is under the pressure of the present or any government, or that she is regardless of public opinion when it is in consonance with the true interests of the Spanish people.

The official quoted then added an important statement, saying:

"The present government will not initiate peace, but a modified cabinet, headed by Senor Gamazo, minister of public instruction, will conclude the negotiations and then retire, and General Polavieja, with a combination including Senor Silvela and General Campos, will reorganize the country.

"Everybody considers that Spain should treat direct with the Americans, whose practical good sense will prevail over spread eagleism."

INTERNAL DISORDER CONTINUE IN SPAIN.

PARIS, July 25.—Private letters received here from Madrid under date of July 23, say that the internal disorders in the Spanish provinces continue.

Some demonstrations have taken place at Granada, supposed to be due to the opposition manifested towards the octroi tax and local disputes, but in view of the rigorous censorship on all questions of politics no, it is difficult to ascertain the facts.

At Gargia, in the province of Barcelona, a mob recently fired on the gendarmes, and an armed band, said to be composed of jailbirds, has appeared at Rance and Valdorres.

Thus far the efforts of the authorities to capture them have been futile.

Great precautions were taken at the open air theatre in the Buen Retiro Gardens, in Madrid, Friday evening, owing to an unexpected demonstration in favor of General Weyler, who was present, but nothing developed.

SPANIARDS WANT TO RETURN TO SPAIN.

SANTIAGO DE CUBA, July 21.—Colonel Angel Rosill arrived here yesterday from General Parajo, military governor of Guantanamo, to ascertain from General Toral if the report of the capitulation were true. As the result of General Toral's answer the 6,000 Spanish troops at Guantanamo will tomorrow (Monday) surrender and lay down their arms.

This afternoon Lieutenant Miley, of General Shafter's staff, returned from Palma, Soriano and San Luis, where he received the surrender and 2,000 arms of 3,185 men, of whom 2,005 are Spanish soldiers to be deported.

At first they refused to credit the statement that Santiago had surrendered, but the presence of a Spanish officer who accompanied Lieutenant Miley finally convinced them and then they displayed great delight at the prospect of returning to Spain.

All the surrendered troops are suffering from disease and starvation, and General Shafter has instructed the immediate forwarding of rations and relief. He has informed the Spanish officers that their families will be given transportation to Spain with food at the expense of the government and that the maintenance of the men is provided for by contract.

NO MORE NAVAL RECRUITS WANTED.

WASHINGTON, July 25.—The navy has suspended for a time its efforts to recruit sailors in the west and Commander Dawley and Chief Engineer Harry Webster, a member of the board, have returned to the navy department.

The work was successful beyond the expectations of the projectors of the trip and the results it is believed will be highly beneficial to the navy generally in infusing to it an element of western blood and brawn that will tend to the nationalization of that service.

LIEUTENANT HOBSON RETURNS TO NEW YORK.

NEW YORK, July 25.—Lieutenant Richmond Pearson Hobson returned to the city today, after the second visit to Washington since his landing from the St. Paul here on Friday morning. While in Washington he again conferred with Secretary Long concerning the saving of the Cristobal Colon.

PORTO RICAN TROOPS REACH NEWPORT NEWS.

NEWPORT NEWS, Va., July 25.—The troops which arrived here yesterday were followed in the early hours of today by the Fourth Ohio regiment which came on three trains. The first battalion of the Fourth Pennsylvania regiment came in at 9 o'clock and the Second battalion at 10 o'clock. The Third battalion is expected at 3 o'clock. There are now nearly 4,000 troops in camp in the suburbs of this city. There has been no move yet to embark on transports.

LOCAL LINES.

ALL WANT TO FIGHT

Soldiers Yet at Camp Thomas Anxious to Leave.

They are Hopeful of Getting Marching Orders.

Will Take Two Weeks to Move the First Corps.

Not More Than One Brigade Can be Handled in a Day—Hard Drills the Order.

CHICKAMAUGA, National Military Park, Tenn., July 25.—No orders fixing the time for the departure of the remaining regiments of the First corps have been issued at Camp Thomas and these regiments, although expecting such orders every hour, are maintaining their regular routine. Things are progressing as usual all over the big camp.

Major General J. F. Wade, the new commander, has made no change in the method pursued by General Brooke and states that he will not do so. The indications are that the entire First corps will not get away for some time.

Many of the officers in the second division, first corps, do not expect to leave Camp Thomas for Porto Rico within a week or ten days.

The officers are of the opinion that the division cannot move before this time for several reasons. In the first place, the second brigade of the first division is still at Camp Thomas and possibly will not leave before Wednesday. It will take the brigade until the next day to move out from Rossville, and this alone will cause a delay until almost the end of the week.

With one or two exceptions all the first corps regiments are entirely equipped. In these cases where anything is lacking it is only of a minor nature and will not hinder the regiment going forward on its expedition to Porto Rico.

As each brigade consists of about 4,000 men, and as there are seven brigades to go out, this will cause a removal from Chickamauga of 28,000 men in addition to those already gone.

It will require 150 cars of all kinds for each brigade or 1,050 for the seven brigades.

To move one brigade a day is a big job and unless the troops embark at both Rossville and Ringgold no more than this number can be handled daily.

Then it will require at least a day between to collect cars and will take two weeks at the very least to move the seven brigades. This morning at 6 o'clock the first brigade, second division, first corps, turned out for another brigade drill. This command is composed of the First Georgia, Thirty-first Michigan and One Hundred and Sixtieth Indiana. General Poland has ordered a brigade drill every day this week. The rifle practice will be continued.

HIS ARM CRUSHED.

Martin Nolan Bumped by a Street Car.

His Shoulder Broken and Arm Crushed to a Pulp—Ernest Breitmeyer's Narrow Escape.

Martin Nolan, driver of E. K. Bush's delivery wagon, was seriously injured Saturday evening about 7 o'clock. He was driving along Spy Run avenue near the Superior street bridge on the street railway tracks. A street car came along behind and bumped into his wagon throwing Nolan to the ground, toppling the wagon on top of him. He was taken to Hope hospital and an examination made of his injuries. It was found that his shoulder blade was broken and the upper part of the arm crushed almost to a pulp. It was impossible to take a stitch in the injured member.

A NARROW ESCAPE.

Ernest Breitmeyer and one of his employes had a narrow escape this morning while at work in the store building being erected on Calhoun street by C. Stellhorn. They were in the cellar when a big stone, part of the curbing along the sidewalk toppled into the cellar. It grazed Mr. Breitmeyer's head and made a couple of senip wounds and struck the employe on the arm, tearing off the skin from the shoulder to the wrist.

THE PEOPLE IN IT.

Three Hundred Thousand Persons Will Receive Bonds.

WASHINGTON, July 25.—A treasury statement shows there are about 300,000 persons to whom bonds under the government's popular loan will be allotted. All persons offering to take $1,500 or less will receive bonds. The first shipments of the new bonds were made today.

The officers of the Allen County Orphans' home are in session at the home this afternoon examining plans for the new addition to be erected to the present building. Such a large number of orphaned children have been sent to the home that it has been found impossible to properly care for them in the present quarters.

An affidavit has been filed in Squire Franco's court charging William Thompson with assault and battery on Rachel Ann Malott.

BROOKE HAS SAILED.

Commander of Porto Rican Expedition Gets Away to the War.

TROOPS WILL BE SENT WITH ALL DISPATCH

WASHINGTON, July 25.—Major General Brooke, commanding the First army corps, will sail today from Newport News to join General Miles at Porto Rico. The general will embark on the St. Louis and as he will proceed immediately without waiting for the whole of his command he should arrive off Porto Rico sometime Friday or Saturday. The St. Louis will be accompanied on the run down the coast by the St. Paul, on which will be the headquarters of General Haines. The remainder of the troops in Chickamauga will be embarked at Hampton roads as rapidly as possible, and it is expected that the last of them will be aboard ship by Wednesday.

The reported boarding of a German steamer off San Juan, Porto Rico, by a launch from an American naval vessel is taken at the war department to confirm its belief that General Miles has arrived there.

It is recalled, however, that some of the vessels of the auxiliary fleet have been blockading San Juan, and it may be that it was a launch from one of these vessels instead of from Miles' fleet that was seen by the German vessel.

However, the department has no manner of doubt that Miles is on Porto Rico, and as all of the details of the expedition are moving with precision, there is every reason to believe that the troops will be all ashore by the end of the week.

Colonel Hecker, who is directly in charge of the transportation arrangements here, returned to Washington from Fortress Monroe, entirely satisfied with the progress being made there in the embarkation of General Brooke's command.

GENERAL SHAFTER PRAISES THE ARMY.

SANTIAGO, Cuba, July 22, 2 p. m.—Following is Major-General Shafter's order just published:

"Headquarters United States Troops in Cuba, Santiago de Cuba, July 18.—General order No. 25:

"The successful accomplishment of the campaign against Santiago, resulting in its downfall and the surrender of the Spanish forces and the capture of large amounts of military stores, together with the destruction of the entire Spanish fleet in the harbor, which, upon the investment of the city, was forced to leave, is one of which this army can well be proud. This has been accomplished through the heroic deeds of the army, and to its officers and men the major-general commanding offers his sincere thanks for their endurance of hardships heretofore unknown in the American army. The work you have accomplished may well appeal to the pride of your countrymen, and has been rivaled upon few occasions in the world's history. Landing upon an unknown coast, you faced dangers in disembarking and overcame obstacles that, even in looking back, seem insurmountable.

"Serving, with the assistance of the navy, the towns of Daiquiri and Siboney, you pushed boldly forth, gallantly driving back the enemy's outpost in the engagement of La Quasina, and completed the concentration of the enemy near Seville, in sight of the Spanish stronghold in Santiago de Cuba. The outlook from Seville was one that might well have appalled the stoutest heart. Behind you ran a narrow road, made well nigh impassable by rains, while to the front you looked out upon high foothills covered with a dense tropical growth, which could only be traversed by bridle paths dominating within range of the enemy's guns.

"Nothing deterred, you responded eagerly to the order to close upon the foe, and, attacking at Caney and San Juan, drove him from work to work until he took refuge within his last and strongest intrenchments, immediately surrounding the city.

"Despite the fierce glare of a southern sun and rains that fell in torrents, you valiantly withstood his attempts to drive you from the position your valor had won. Holding in your vise-like grip the army opposed to you, after seventeen days of battle and siege you were rewarded by the surrender of nearly 24,000 prisoners, 12,000 being those in your immediate front, the others scattered in the various towns of western Cuba, freeing completely the eastern part of the island from Spanish troops.

"This was not done without great sacrifices. The death 230 gallant soldiers and the wounding of 1,281 others, shows but too plainly the fierce contest in which you were engaged. The few reported missing are undoubtedly among the dead, as no prisoners were lost.

"For those who have fallen in battle with you, the commanding general sorrows, and with you will ever cherish their memory. Their devotion to duty sets a high example of courage and patriotism to our fellow-countrymen. All who participated in the campaign, battle and siege of Santiago de Cuba will recall with pride the grand deeds accomplished and will hold one another dear for having shared the sufferings, hardships and triumphs together. All may well feel proud to inscribe on their banners the name of Santiago de Cuba.

"By command of

"MAJ.-GEN. SHAFTER.

"E. J. M'CLERNAND, Assistant Adjutant-General."

MORE SPANIARDS HAVE SURRENDERED.

WASHINGTON, July 25.—The war department at midnight posted the following:

"Santiago, via Hayti, July 25, 1898.—Adjutant General of the Army, Washington: Lieutenant Miley has returned from San Luis and Palma Soriano, where he went four days ago to receive surrender of Spanish troops. The number surrendered was larger than General Toral reported; 3,005 Spanish troops and 350 volunteer guerillas gave up their arms and gave parole and have gone to work; 3,000 stands of arms were turned in, loaded on ox carts and started to the railroad. Spanish troops accompanied him to San Luis and all were apparently greatly delighted at the prospects of returning home. They were on the verge of starvation and I have to send them rations tomorrow. If the number keeps up as they have there will be about 24,000 to ship away—nearly 12,000 here; 3,000 from San Luis, 6,000 from Guantanamo and over 2,000 at Sagua and Baracoa. SHAFTER,

"Major General Commanding."

SAMPSON'S OFFICIAL REPORTS TOMORROW.

WASHINGTON, July 25.—The official reports concerning naval operations off the east coast of Cuba culminating in the destruction of Admiral Cervera's fleet will be made public by the navy department tomorrow afternoon for publication in the newspapers of Wednesday morning. A statement to this effect was made by Secretary Long today.

The delay in giving them out is said to be due to the fact that they cannot be copied before tomorrow afternoon. There are several reports and they include nearly a complete history of the naval operations around and about Santiago. The principal report is made by acting Admiral Sampson as commander-in-chief of the naval forces in Cuban waters and is accompanied by the report made to him by Commodore Schley, who was on the cruiser Brooklyn in active command of the fleet which destroyed the Spanish fleet; by Captain Evans, commanding the battleship Iowa; by Captain Clark, commanding the battleship Oregon, and Captain Taylor, commanding the battleship Indiana.

The reports of Captain Phillip, commanding the battleship Texas, and Commander Wainwright, of the auxiliary cruiser Gloucester, which vessels took a prominent part in the chase and destruction of the Spanish vessels, will be withheld for publication at a subsequent date.

Secretary Long said that in view of the decision to give the reports out in full tomorrow evening he did not feel at liberty at this time to disclose even the general character of their contents. In response to a direct inquiry he did say, however, that Admiral Sampson's report was a plain statement of the facts connected with the destruction of the Spanish fleet, and "showed consequently that there was no friction between the officers" in connection with it.

The officials of the navy department decline to say anything about how the reports came to the navy department, further than to reiterate their first statement that they were not brought to Washington by Naval Constructor Hobson.

The supposition is that they were brought to New York on the auxiliary cruiser St. Paul and sent from New York to Washington by mail.

POWER IS HERE.

President of the Inter-State League in Town.

Comes to Settle Affairs of Fort Wayne Club.

Wheeling Wants a Franchise in the League at Once.

President Power Wants Fort Wayne to Remain and Keep the League Intact—a Meeting Tonight.

President C. B. Power, of the Inter-State league, arrived in the city at an early hour and is today investigating the affairs of the Fort Wayne base ball club. A SENTINEL reporter talked to Mr. Power, who said:

"I was greatly surprised when word was telegraphed me that the affairs of the Fort Wayne team were in a chaotic state. Affairs at Springfield have been fixed up and I would be satisfied if every town was in as good shape as that city. I want the franchise to stay in Fort Wayne, as it is an indication of weakness to transfer any club from one town to another. Wheeling wants a franchise and the company organized there was very much disappointed in not getting the Springfield franchise. Saturday evening I talked with the Wheeling people and they requested me to keep them posted on what Fort Wayne intended to do. With the circuit remaining intact the Inter-State will rank as the stanchiest little league in the country. I do not believe that a progressive city like Fort Wayne can afford to quit and there is every reason why your citizens should hold the franchise. Fort Wayne will be given every chance and if necessary I will remain here until Tuesday evening."

Mr. Power met several local lovers of the game this morning and arrangements have been made for a meeting in the parlors of the Randall hotel this evening when the situation will be thoroughly discussed. The gentlemen to whom Mr. Power talked expressed themselves in favor of doing something to retain the club and out of tonight's meeting should grow a stock company which will insure Fort Wayne's staying in the Inter-State league. With a team winning a fair per cent. of its games there will be no necessity to lose any money. The business men should not allow it to be transferred and let the statement go out to the world that Fort Wayne was not as progressive as the other seven cities. Should the necessary funds not be forthcoming, Mr. Power will undoubtedly transfer the franchise to Wheeling, and the Toledo games, beginning next Thursday, will be played in the Null City. A last opportunity to retain the club is now at hand. Attend tonight's meeting, even if you can not help retain the club.

ANOTHER POLE.

Flag Will be Erected at the Home of W. T. Connett.

Hon. James M. Robinson Will Deliver an Address—Mrs. Connett Made the Flag in Honor of Her Soldier Son.

There will be a flag raising out on Miller street at 7:30 this evening. The affair takes place in front of the home of Mr. and Mrs. W. T. Connett and will be attended by the members of the Knights of Pythias, the employes of the electric works and the citizens of that part of the city. Hon. J. M. Robinson will deliver the address. The knights will meet at the corner of Broadway and Taylor street and, headed by a band, march to the Connett home. The flag was made by Mrs. Connett, in honor of her son, Corporal John Edward Connett, of Company B, One Hundred and Fifty-seventh regiment, now en route to Porto Rico. It is twelve feet four inches long, eight foot four inches wide and is a most beautiful banner. Mr. and Mrs. Connett promise to make it pleasant for all who favor them with their presence this evening.

Juness, the little son of Mr. and Mrs. George Schuler, died yesterday at the home of William Beatty, No. 599 South Calhoun street. Mrs. Schuler was en route to her new home in Cincinnati and stopped in Fort Wayne for treatment, she was accompanied by her little daughter and son. The latter, aged two years, was attacked with dysentery and died. The funeral will occur tomorrow afternoon at 2 o'clock from the Beatty home.

County Clerk Harry Metzger informs THE SENTINEL that under the new revenue law every return of a marriage by a minister who performed the ceremony must bear a ten-cent stamp. No stamp is demanded when the application is made and the person who performs the ceremony and makes the return to the clerk is expected to pay the ten cents.

Clara Russell denies the statements made in the morning papers that she attempted suicide. She had been taking laudanum for the toothache and possibly got too much and while out of her head made statements which she did not mean. As for suiciding, the girl claims no such idea ever entered her head.

A FIGHTER'S VIEW.

Gen. Charles King Says Merritt Will Need Fifty Thousand Men.

BELIEVES AGUINALDO HARD TO HANDLE.

SAN FRANCISCO, Cala., July 25.—It is understood that Brigadier General Chas. King will be in command of the next Manila expedition.

He will probably go either on the Arizona or Scandia. Brigadier General Miller, now commander of the Presidio, probably will remain for the present, at the expressed desire of General Merriam.

Referring to the men to go to Manila, General King said:

"It is my personal opinion that every man of the expeditionary forces will be wanted in the Philippines and will go there. Even should Manila be taken from the Spanish and the war settled in the orient, as far as Spain is concerned, with the forces now there or already ordered to depart, yet it is not to be doubted that General Merritt would be glad to have 50,000 before he is through with Aguinaldo.

"General Merritt and the men at the Presidio may rest contented that they will see all of the Philippines they desire."

IN INFERNAL MARCHINE FOUND ABOARD SHIP.

NEW YORK, July 25.—A letter written to a prominent officer here in this city by Captain William C. Brackley, of the refrigerating and supply ship Fort Victor, says that an attempt was made to blow up the ship when she was three days out. He said that a box containing thirty pounds of dynamite and guncotton was found, without any address, on the main deck of the steamer. A clock-like mechanism had been arranged by which the explosives were to be set off. The box and explosives were thrown into the sea. The Fort Victor left New York July 14.

SOLDIERS IN CUBA SOON TO BE PAID.

WASHINGTON, July 25.—Major Sulfon, of the pay corps, will sail from New York tomorrow on the Olivette for Santiago accompanied by three paymasters. They will begin the payment of troops on their arrival and in a very short time will be joined by other paymasters, who will assist in paying off General Shafter's army and then will proceed to Porto Rico to pay off the army of General Miles.

A rather interesting question has arisen in regard to the payment of troops. A telegram has been received from General Shafter requesting that gold and paper be sent to Santiago as the tradesmen there refuse to accept American silver dollars at their par value and rate them at fifty cents on the dollar like the Mexican dollars and dollars of South American countries.

It was Paymaster General Stanton's intention to send as little silver as possible, confining it mostly to subsidiary coin for the purpose of making change on account of the greater convenience to take gold and paper, and he will continue to do so.

Considerable indignation is expressed that American money of any kind is discounted and a suggestion has been made to the secretary of war that any tradesman who refuses to accept United States money of any kind at 100 cents on the dollar should be removed from any territory over which the American flag floats. It is not known that any orders will be sent to General Shafter on the subject, although the suggestion has been made that American money should not be allowed to be questioned by the countries occupied by United States troops. The supposition is that refusal to accept silver dollars is the result of the long use of the silver of Mexico and the South American countries, which has never passed for more than half its face value.

SANTIAGO CUBANS ARE DISORDERLY.

NEW YORK, July 25.—Dispatches to the World from Santiago say:

The Cuban insurgents, encouraged by the correspondents of a sensational New York newspaper, are retarding the work of Military Governor Wood in restoring order in the city.

They are still disgruntled because the town was not delivered over to them.

The Spaniards are accepting the change of government in Santiago with good grace.

The insurgent forces have left the American camp and gone twenty miles into the interior. They have been warned, under the threat of extreme penalty, not to molest Spanish residents or return to the old system of brigandage.

There were fifty funerals here yesterday of refugees, who died as the result of the scarcity of food at El Caney.

Santiago is still short of food. The streets are full of beggars.

The householders have been ordered to clean their houses. A big sanitary force is at work. There is great need among the Americans of lemons and preserved acid fruits.

The Spanish company having the contract for the deportation of Spain's surrendered troops has notified them by cable to be ready to start next week.

The American heroes during the heat of the fighting, compelled to forces every step of their way, were buried where they fell, with scant ceremony of war.

Near the Quasina block house, which the Rough Riders stormed and took some days previous to the battle of San Juan, twenty-five are buried in one grave.

Chaplain Vandewater, of the Seventy-first New York, said the burial service twenty-five times in one day.

The bodies of Captain Capron and Sergt. Hamilton Fish were buried here. Both were taken home on the steamer Hudson, which started Thursday, by Nicholas Fish, father of the dead sergeant.

At the last ford before San Juan hill it is estimated that forty of our men were buried in trenches. Twenty lie in the trenches at the foot of the hill at Caney.

Owing to the necessity of feeding the starving, caring for the wounded and establishing an orderly government in the provinces, the interment of the brave men buried in the jungles has been impossible. Ultimately, however, they will be given a proper burial. Only the bodies of the officers will be sent home. Coffins will be provided for the men.

A GRUESOME FIND.

Child's Coffin Discovered in the St. Mary's River.

Grave Robbers Had Probably Stolen From It a Corpse—Policemen in Police Court—Police News.

In the warrants' cell at the police station is a child's coffin, which was found in the St. Mary's river at the foot of Calhoun street this morning by two boys.

William Bessler, of No. 16 Grand street, and Jesse Fulton, of No. 18 Bass street, were fishing along the banks of the St. Mary's river, and there noticed something in the willows not far from where they stood. The lads investigated and found a child's coffin a little more than three feet long. On the top was a long glass and the bottom was badly rotted. The police were notified and took the gruesome find to the police station. Within the coffin was an old black shirt. The officers believe that the coffin was placed in the river by grave robbers, who had not time to pull it back in some grave they had been desecrating. The shirt was probably intended to carry away the body of the child but was not needed, and was, therefore, placed in the discarded coffin.

POLICE COURT.

Sergeant Harkenrider and Officer Strodel Saturday evening raided the rooms over No. 31 East Main street and arrested Eva Franch and Bess Elward and five men in police court this morning the women and three of the men forfeited bail and two of the men went to jail.

Charles Osborne, the lad captured Saturday while robbing a Wabash car, was bound over in the sum of $200.

Arthur Martin and Emma Marshall were arrested in White's barn east of the city this morning by Officer Hobbs. The woman claimed to be Martin's wife, but the police claim to know better. The couple were indulging in beer when arrested.

John Distler, accumulated a "jag" and insulted women on the streets and Officer Elliott arrested him. Mayor Schiefer this morning assessed a fine of $14.50, which Distler didn't pay and went to jail.

Merchant Policeman Patrick O'Ryan saw two men trying to get into Ed Pauley's saloon this morning. They ran and he fired at them. A cry heard immediately after the shots would indicate that one of the fellows was hit.

Oscar Jump, of Milan township, was shaking hands with Fort Wayne friends today. He was elected delegate to the republican convention from Milan.

SPAIN is figuring on a new cabinet and probably wants one that can hold together long enough to conclude peace.

SPANISH soldiers at Santiago will do some valuable missionary work when they return to Spain. They are getting good impressions of Americans.

GARCIA don't want to play in Shafter's yard, but he'll be sorry when he sees him sliding down new cellar doors in Havana and other nice places.

No western Spain mourns over her honor and the American disregard of international law! Here is Gerald O'Grady, a Rough Rider, writing from Cuba to his home in the state of New York that when on a scouting expedition, with nothing but an unloaded pistol, he was attacked by an armed Spanish soldier, who had just killed his companion, he "punched the enemy in the nose with his fist and knocked him silly." By all the rules of civilized warfare Gerald should have submitted to being killed or captured.

THE British ship Oldfield, passing twenty-five miles from the spot where the Bourgogne went down, sighted 150 or 200 floating bodies, many of them women and children. They were supported by life belts. The spectacle threw additional light on the facts of the Bourgogne disaster, showing that there was time after the ship was struck for the passengers to prepare themselves to take to the water. Had there been boats provided, or had these women and children not been driven from the few boats cut loose, these lives would have been saved.

THE "unspeakable Turk" is unspeakably a Turk on all occasions and under all circumstances. Among the foreign military and naval officers who came from Siboney, Cuba, with the transport Seneca was Enver Pacha, of the Turkish army. All these foreign military and naval attaches were provided with comfortable and commodious quarters at the start and the Turkish general was the only one of them who refused to give up his state room or any part of it to the sick and wounded.

ROBERT B. ROOSEVELT, former minister to Holland, who is vice president of the Empire State Society, Sons of the American Revolution, is exercised over the alleged incompetency and corruption in the commissary department of the army, and suggests the formation of a committee of the Sons of the American Revolution to investigate the matter thoroughly and make the guilty suffer. He is very much in earnest, and the committee will probably be appointed and given sufficient authority to accomplish something.

To J. M. CEBALLOS, of the Spanish trans-Atlantic steamship line which has received the contract for carrying the Spanish prisoners home from Santiago, must be accorded the honor of adding to the war its crowning burlesque feature. Some of the vessels to be used belong to Admiral Camara's fleet and some have been hiding in South American ports anxious to get home, but fearful of capture. All of them are a portion of Spain's maritime commerce, a prey to the enemy wherever it can be found, and now these ships are to creep out of hiding to earn three-quarters of a million dollars in carrying the enemy's prisoners under the enemy's convoy. If Spain only had a sufficient number of starving garrisons to surrender, she might, by taxation of the profits of transporting them home, secure from her antagonist enough money to carry on the war for a long time. Possibly we have underestimated Spanish enterprise after all.

THE BIG MOSQUITOES

Make Life Unpleasant for the Boys at Tampa.

The Fort Wayne Soldiers Hope to Go to Porto Rico—Some of the Boys Who are Ill.

THE SENTINEL is in receipt of the following interesting letter:

PORT TAMPA CITY, July 22, 1898.
To THE SENTINEL:

As many of our Fort Wayne friends seem to think that we are lost in the Florida swamps, the boys thought we should send you a few words to let them know that we are not, even though Uncle Sam has lost track of us and left us down here to the tender mercies of the Florida mosquitoes. For the last week we have been bothered greatly by them. They appear to be about the size of a common house fly, but when they alight it makes one think he has been kicked by an army mule.

A death occurred in our regiment yesterday morning—the first since we were ordered out. It was that of First Lieutenant Charles Slade, Co. C, of Goshen. He was a member of Tonawanda tribe No. 130, I. O. R. M. The whole regiment had been ordered to attend the funeral at 6:30 in the evening, and to escort the remains to the train. Owing to the heavy rain the order was countermanded and another one issued, that we did not have to go unless we wished. Only two companies turned out, B and G, of Fort Wayne. We had to wade through mud and water up to our knees.

We expect to be moved to Fernandina, Fla., but we do not know how soon. Some of the papers say that our regiment is included in the list of those to go to Porto Rico, but we have heard nothing of it. We all hope to go with the first expedition.

Privates Wm. Richards and Paul Roepke, who have been quite sick, were discharged from the hospital today. Private George Butler, who has been sick in quarters a few days, was taken to the hospital. No doubt he will be all right in a day or two. Lieutenant Kerr, who has been feeling very sick for some time, is feeling much better.

Wednesday morning the regimental trumpeter sounded the call "to arms." Company G was the first of our battalion on the parade ground; time, two minutes and forty seconds. Company B made it in two minutes and fifty seconds. The regiment was formed in three minutes, twenty seconds.

CHOSE DELEGATES.

Republicans Select the Men Who Will Name Candidates.

A Majority of the State Delegates are Supposed to be for Major Wilson for State Auditor.

The republicans Saturday evening selected delegates to the state, senatorial and county conventions. There was no contest except on state delegates. An effort was made to send a delegation opposed to Major G. W. Wilson, who is a candidate for state auditor. The fight against him was successful in only three wards, the First, Third and Fourth. It is believed one or two other delegates may not support him, but it is certain he has two-thirds of the city delegates. In the First ward C. R. Higgins, one of the defeated candidates for delegates, alleges that the primary was illegally conducted and may contest. The delegates chosen are:

First ward—J. H. Bilderback and Jacob Funk.
Second ward—R. B. Hanna and E. K. Dorr.
Fourth ward—Col. R. S. Robertson and R. B. Dreibelbiss.
Fifth Ward—Samuel Morris, John W. Sale and G. W. Wilson.
Sixth Ward—Theodore Thorward, John Morris, jr., and Wilmer Leonard.
Seventh Ward—George Huber.
Eighth Ward—A. H. Dougall and George Sollidoy.
Ninth Ward—Drs. C. E. and J. E. Stults.
Tenth Ward—Frank Alderman and T. Devilbiss.
Adams Township—R. S. Bell.
Wayne Township—Charles Fairfield.
St. Joe Township—Fred Gelbel.
Jefferson Township—Caleb Townsend.
Washington—Elmer Leonard and Mr. Cook.
Lake—Jacob Coulter.

There were bitter contests in the Second and Third wards, W. E. Clapham and John T. Dougall losing in the second and Dr. L. A. Worch and Henry Stouder in the Third. In the Fifth a printed ticket was sprung with Major Wilson's name not on it, but the ticket secured only ten votes.

A party composed of Mr. and Mrs. Osborn, Mr. and Mrs. Perry, Mr. and Mrs. C. G. Fox and Mrs. Cohagen went to Lake Everett to camp Saturday and Sunday. All had a good time fishing.

IMPORTANT VISIT.

Ambassador Von Holleben's Call at the White House.

He Bore the German Emperor's Message of Friendship and Good Will to the President.

CHICAGO, July 25.—The Record prints the following special this morning from its Washington correspondent:

Too little attention has been paid to the visit which Mr. Von Holleben, the German ambassador, made at the white house last Friday. It was the most important event in the diplomatic history of the war since the joint visit of the four ambassadors last April, and has a profound significance in connection with the attitude of Germany toward the Philippine islands and our policy in the east. There has never been any concern on the part of the president and others in authority about the interference of the Germans in our affairs, and now such a thing is impossible. No attempt is made on either side to conceal the fact that Mr. Von Holleben visited the president for the purpose of presenting a personal message from his imperial highness, and while the words have not been disclosed the general character of the message was entirely satisfactory.

When an ambassador from a foreign country calls upon the ruler of the government to which he is accredited, it is always an event of importance and significance. It does not occur very often. I do not believe that any ambassador called at the white house while Mr. Cleveland was president nor while Mr. Harrison occupied that office; nor did President McKinley receive any such distinguished visitors until after the beginning of the war. The German ambassador came all the way from New London with the thermometer at ninety-six in the shade on Friday, and returned to his summer home after less than four hours in Washington. He took the trouble also to make an appointment by telegraph in advance. Mr. Von Holleben has been in this country more than a year. He has met the president repeatedly in society, at white house dinners, receptions and other official functions, but never called upon him in this manner before, nor would he have made a very disagreeable journey this time if he had not been intrusted with a message from the emperor of Germany. A message from the prime minister or the minister of foreign relations would have been delivered through the secretary of state. The president of the United States does not receive communications from subordinates of other governments except through a subordinate of his own; only sovereigns send their communications direct. Hence the German ambassador could have gone to the white house for no other purpose than to convey an expression of friendship and good will from the kaiser. In view of recent incidents in the Philippine islands and recent publications in Europe and the United States, the visit was very gratifying to the president.

TIME FOR BLOW IS FIXED.

Carlists Will Rise the Moment Peace for Spain Seems Assured.

LONDON, July 25.—The Madrid correspondent of the Daily Mail says:

"The government is closely watching the Carlists throughout the country. Carlist clubs have been requested to furnish complete lists of members, with addresses, and many will probably close rather than comply.

"I have reason to know that when the time comes the outbreak will be general, but Don Carlos will not give the signal until peace is concluded or until it is known that the peace conditions will be such as to provoke the people to indignation. Marquis De Cerralbo, the representative of Don Carlos here, has gone to Brussels to confer with his chief."

The Madrid correspondent of the Times says:

"There is still much talk about Carlist intrigues and preparations, but the government, though vigilant and ready to act energetically if necessary, seems to think that at present there is no serious danger of untoward developments.

"The danger of republican movements is still less. Emilio Castelar has just rendered a service to the cause of order by publishing a long letter, in which he impressed upon all good Spaniards the necessity of sinking party differences and remaining firmly united at the present critical moment.

"'Patriotism, like the church,' says Castelar, 'imposes unity on us, and if unity does not exist let us be silent on the subject.'

"The project of presenting him with an address of confidence signed by 100,000 of his admiring fellow citizens, has been indefinitely postponed."

MILLS ARE BEING CLOSED.

Wire Nail Trust is Carrying Out Its Threats in Indiana.

ANDERSON, Ind., July 25.—The wire nail trust, which has already closed its plants at Salem and Findlay, Ohio, and Beaver Falls, Pa., because the workmen would not stand a heavy reduction of wages, began today carrying out their threats to close the Anderson plants for the future. They also threaten to do the same thing at Cleveland.

POSSIBILITIES IMMENSE.

So Declares a Mining Expert of the Klondike Gold Fields.

SAN FRANCISCO, July 25.—C. P. Kines, who represents a New York syndicate, has returned from the Klondike, which he regards as the richest mining region in the world. He said in an interview:

"What greatly impressed me is the wealth and extent of the bench claims. As an instance I saw a claim on the ninth tier in French Gulch which appeared to be 1,000 feet above the creek bed, which was turning out $1,000 per day. What extent of territory this class of ground covers no man knows, and the development of the diggings will probably occupy years. As to quartz ledges, after careful investigation, I am strongly inclined to the belief that they no longer exist in that region. As to the future possibilities, I would say that they are apparently immense."

CRAIG HEARD FROM.

Writes an Interesting Letter From London.

He Tells of the Fire on Board the Catalonia—Sunday School Delegates Welcomed in London.

NO. 40 BEDFORD PLACE,
RUSSELL SQUARE,
LONDON, ENG.,
July 11, '98.

SENTINEL:

The steamer Catalonia, with her 204 delegates, arrived at the docks in Liverpool at 6:10 Sunday morning. The trip was a very pleasant one, notwithstanding a few things which were not down on the program. The second day and night out we encountered a very heavy fog, which was disagreeable and particularly so as the deafening sound of the fog whistle sounded ten seconds out of each minute.

On Wednesday night, July 6, between 11 and 12 o'clock, imagine our feelings when we were apprised that the steamer was on fire and in a few minutes nearly all the passengers except the steerage were up on the hurricane deck. The fire was in the aft hold of the ship and had gained considerable headway before discovered. It was hard to fight through the hatch-way, but the crew was well trained as well as noble, and be it said to the credit of the passengers they kept their heads. This was largely due to the extreme coolness of the crew. The night was calm, but very dark, and when by a very careful estimate of the life saving capacity it was learned that the sixteen life saving boats and 1,300 life preservers would accommodate double the number of persons on board, our fears were allayed greatly. It was not until 2 o'clock that the fire was entirely subdued. Several bales of cotton had to be cast overboard, the fire having gotten such a hold upon them.

Nothing else aside from a half day of rough sea came to mar the pleasure of the trip and at 7:10, just one hour after we tied up at the dock, the order came to go ashore. Those having only hand "luggage" were not detained in the custom house at all.

By a unanimous vote on Saturday morning, knowing then our arriving time in Liverpool, we decided not to proceed to London Sunday, but rest in Liverpool. The delegates scattered about to the different hotels, myself and thirty-eight others going to the Shaftsbury, on Mount Pleasant hill. At this hotel they have morning and evening worship in the parlors, the proprietor leading. The proprietor informed me he had kept up this practice since he took charge of the place. The good Christian people of Liverpool found at their morning services here and there throughout the city the presence of about 200 "Hamericans," all wearing their badges. We are kindly received everywhere, and a reception was tendered the delegation at the Y. M. C. A. after the evening services.

At 6:02 this morning we left via the London and Northwestern railway, by special train, arriving in London at 10:15. The headquarters of the committee are at 56 Old Bailey street. By noon all had received their necessary credentials and were located.

It is no more trouble to find your way about London than the larger cities of the United States.

From 3 to 6, by special request, the thousand delegates who had arrived, were conducted through the large six story building of the British and Foreign Bible society, situated at 146 to 148 Queen Victoria street. Here tea was served in the spacious library, and committee rooms, and we were given our first welcome to London. The welcome address was delivered by Dr. Wright, whom everyone knows who reads the Sunday School Times, by his splendid articles. This evening from 7 to 10, we are to be entertained at the Mansion House by the lord mayor and the lady mayoress of London.

Profound sorrow filled our hearts when, at the meeting at the bible house, the names of the four delegates from Wisconsin who lost their lives in the disaster which befell the French steamer, were announced.

The Fort Waynes have braced up and won two games in succession. The games played Saturday and yesterday indicate that the Hoosiers have all the ability necessary to defeat any team in the Inter State league, and the change in management seems to have induced the boys to put up a gilt edged article of ball. Although it rained after dinner almost 400 people saw the Fort Waynes take a scalp from the Youngstowns. The grounds were muddy and prevented perfect fielding and many hits were credited which on better grounds would have been outs. Martin and Reiman were opposing twirlers and while both were batted hard the Fort Wayne's hits counted most. Griffin, Hickey and Flood had their eyes on the sphere, Griffin securing three doubles, Hickey two doubles and a triple, and Flood three singles. And these hits all came when they counted. Griffin and Fisher played elegant ball, and in spite of the mud ate up several apparent base hits. The best work of the visitors was done by Steen, Pender and Cooke in the field, and the outfielders excelled at the bat. The umpiring of O'Meara and Alloway was eminently satisfactory. The team has shown its quality and there should be big crowds out to see the three Toledo games, commencing Thursday. Score:

HERE IS A WARNING.

Wheeling News: "A prominent local business man has been negotiating with President Powers for a franchise for some time past, and that official has virtually promised him the first vacancy. About the only reason why he wants to take it is because he wants to hold it for next year, when it is probable, if the war is over, there will be some money in the sport. So far all the Inter-State managers have lost money, and it is remarkable that they have held out so long."

SPRINGFIELD WILL REMAIN.

SPRINGFIELD, O., July 25.—The infusion of new blood into the Springfield Base Ball Club company, which is to be reorganized soon under different management, and the recent financial crisis which came very near ending in the transfer of the franchise to Wheeling, has been instrumental in working up more interest in the team than there has been at any time this season. The change in the management of the company will not directly affect the team in the least, however, as Manager Whistler is to remain in sole charge of it, as he has been all season. The call for aid in keeping the team here is being quickly responded to, and enough money has already been subscribed to practically insure the retention of the team here. Since the club came so nearly leaving the city the week day attendance has been larger than it has ever been this season. The new plan of making every day ladies' day, and charging the women fifteen cents for admission to the grounds, allowing them free access to the grand stand, has so far worked well, and it is thought that it will be a great benefit to the team.

NOTES.

Reiman and Hickey did not accompany the Fort Wayne team to Grand Rapids this morning.

The Yales defeated the City Juniors by a score of 6 to 3. Batteries—Yales, Hinkle and Templar; City Juniors, Seasler and Mulbearn, Shoaff and Robison.

The Lillies beat the Pleasant Hills yesterday by a score of 18 to 17, on the Pleasant Hills' grounds, corner of Lillie and Edgerton streets. Batteries—Pleasant Hills, Meisner, Streider and Freedman; Lillies, Hughes and Hohnhaus.

Everybody interested in seeing the Fort Wayne club remain in Fort Wayne should attend the meeting with President Power at the Randall hotel tonight. Fort Wayne cannot afford to lose the ball club, especially as every indication now is that the team has struck its winning gait.

Joe Rickert, outfielder for the New Castle team, will be National league property next year. Some time ago Witt K. Cochran, of Chicago, while in Toledo, saw Rickert play, and on returning to Chicago recommended the youngster to President Hart. Mr. Hart sent an agent of the team to witness two full series of the New Castle team, during which Rickert distinguished himself in the field and made twelve hits. The agent reported favorably to Mr. Hart, and Rickert will go to Chicago in 1899.

Washington Post: "It's an odd commentary that Montreal and Toronto, two foreign cities, should furnish the shot for the Eastern league locker. Dooley's Montreal toboganers and Arthur Irwin's Kanucks are the only teams on the Eastern organization that figure on the velvet side of the ledger. 'England is backing us up in this scrap with the cigarette demolishers down in Cuba and an English province is the backbone of base ball in the Eastern league,' is Jimmy Fields' comment on the base ball situation in Pat Powers' league."

WITH THE PARK TEAMS.

The Shamrocks were not booked at the park yesterday. The club went to Logansport, and were defeated by a score of 5 to 0. Robbins struck out fifteen men, and but three hits were made off his delivery.

The Crystals forfeited the game scheduled with the Standards yesterday afternoon by failing to put in an appearance. It is understood that the team has disbanded. No notice to this effect was sent to the president of the league, however, and as the Standards were on the grounds, the game falls to them.

The Spy Runs won their third successive game yesterday, defeating the Blues by a score of 8 to 7. The game was a pretty exhibition and was greatly enjoyed by the spectators. Ertle and Hoffer were in the points for the Spy Runs and Shawyer and Baseker for the Blues. Hits—Spy Run, 7; Blues, 7. Errors—Spy Run, 3; Blues, 5.

AN OLD SHOPMEN.

Conrad Schwehn Died of Old Age Last Night.

The Electric Light Employes Have an Outing—Pennsylvania Shopmen Indulge in Athletic Sports and Ball.

Conrad Schwehn, one of our old German citizens, died of old age last night, at his home, 18 Orchard street. The deceased was seventy-three years old and leaves five grown children. The funeral will probably be held next Wednesday, but the hour has not been selected. Mr. Schwehn was employed in the Wabash boiler shop over thirty years. He retired from that work about two years ago on account of old age, and since that time has been unable to do much. A son, John Schwehn, is employed in the blacksmith department of the Wabash shops.

A CONDUCTOR'S MYSTERIOUS DEATH.

John Parish, a Panhandle conductor, was buried at Richmond yesterday. He met death by falling from his train near Eaton, Ohio, last Friday. His train was pulling in on a siding, when the limb of a tree brushed Parish off and his skull was fractured by striking the rail. This is the theory advanced by the authorities at Eaton. The trainmen, however, entertain a different view of the accident. No one saw the conductor fall, but the position in which he was found and the marks of the gravel on his face indicate, the trainmen say, that he did not strike the back of his head against the rail. Parish had had trouble with a tramp at Eaton and the trainmen believe the fellow knocked the conductor off the train by hitting him with a stone or some other hard missile. The matter has been placed in the hands of the railway detectives.

THE ELECTRIC BOYS' OUTING.

The third annual picnic last Saturday at Robison park of the electric light employes was a much greater event, both in a numerical and a financial sense, than either the first or second picnics given by those men. There were over 2,000 tickets sold and a net profit of over $100, which snug sum has been added to the relief fund. Never was there a better natured, jollier crowd and every person in it will testify to the pleasure of the outing. The athletic sports came off in the order given in the program published last week. Stated briefly, the results were as follows:

100 yards dash—Bert Hadley, first; James Willson, second.

Putting twelve pound shot—Bert Hadley, first; G. Mills, second.

100 yards dash—boys under fifteen years of age—H. Meyers, first; Gus. Willson, second.

Standing high jump—Bert Hadley, first; James Willson, second.

Three-legged race—F. Harter and W. Meyer, first; P. Smith and J. Ashley, second.

Tandem, 50-yard dash—Bert Hadley and F. Albright, first; Harry Graham and A. Knoll, second.

Standing broad jump—Bert Hadley, first; Howard Thompson, second.

The married men's handicap race was tied by A. L. Hadley and N. Howe, and will be decided by another race this week, probably tomorrow morning.

One-half mile relays, three teams of four men each—Won by Brizzolari's team, composed as follows: H. Aumann, A. Harter, T. Weldon and Bert Hadley.

Tug of war—Store room vs. factory—Former team won: W. Seibold, C. Shaffer, F. Hilgemann and W. Martin.

One half mile boat race—W. Rogge, first; D. Pettit, second.

100 yard swim—C. Miller, first; G. Mills, second.

The name of Bert Hadley appears frequently as the winner. This is not because of a small number of entries in the events, but is due entirely to the young man's athletic abilities. As an all-around athlete he has few equals.

YESTERDAY'S EXCURSIONS.

Over 700 Fort Wayne citizens "took in" the excursions out of this city yesterday. The various roads report ticket sales as follows: Pennsylvania, to Chicago, 111; Grand Rapids and Indiana, to Rome City, 304; Wabash, to Toledo, 165, and to Put-in-Bay, 35, and Nickel Plate, to Chicago, 127. Only one road, the Findlay, Fort Wayne and Western, ran an excursion to this city. That road brought in about 200 people, who spent the day at Robison park. Several of the excursionists to Chicago took their bicycles and spent a portion of the day in riding around that city.

BADLY CRIPPLED.

W. T. Marks, a machinist at the Pittsburg shops, had one of his feet lacerated upon a broken beer bottle yesterday. The wound is circular in form and in places extends to the bone. Mr. Marks received the injury while bathing in the St. Joe river, above Centlivre's brewery, with some companions. He was able to hobble home, but this morning the wounded member was badly swollen and caused much pain.

PENNSYLVANIA ATHLETIC CLUB.

The Pennsylvania Shopmen's Athletic club held its second meeting Saturday afternoon at Centlivre park. Perhaps the most interesting event of the day was the second bicycle race between Philip J. Singleton and Michael Ehrman, which resulted in victory for the latter.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

Each of these gentlemen now have a race to their credit and will decide next Saturday who is the champion.

The ball game was between a club from the erecting department, captained by Frank Scheid, and one from the vise and lathe department, captained by W. Y. Cherry. Scheid's team won by a score of 31 to 5. Batteries—For the erecting gang, Marks and Scheid; for the lathes, O'Connell and Meenan.

The ½ mile handicap bicycle race was an exciting event. There were eleven entries and the result was as follows: First, William Fitzpatrick; second, Ambrose Benedict; third, Michael Tierney. The two former were "scratch" men.

The club will hold another meeting next Saturday afternoon at the same place.

A WORTHY MAN PROMOTED.

William G. Cameron, one of the faithful employes of the Wabash, has been called to a higher position than that of night yard master at this point. This morning Mr. Cameron was summoned to Peru, where he was informed that the company had decided to advance him in the service and he would hereafter be the general yard master at Tilton, Ill. The position is much more important than the one filled so long here by Mr. Cameron, and when he received notice of the appointment it nearly took his breath. While Fort Wayne friends regret his removal from the city, they rejoice with Mr. Cameron in his good luck.

General and Local Gossip.

Machinist Louis Kopp, of the Wabash, is sick and off duty.

Captain Stoll has recovered from an attack of stomach trouble.

Charles Waldman, boilermaker at the Pittsburg shops, is sick and off duty.

Brakeman A. Staley, of the Nickel Plate, was a visitor at Latta, Ohio, over Sunday.

H. Imbody, Nickel Plate brakeman, has returned to work after several days' lay off.

Nickel Plate Brakeman A. P. Kolb is visiting the scenes of his boyhood in Ohio, near Columbus.

H. Wieneke is a new name on the pay roll at the Bass works. He was given a position in the blacksmith shop.

Engineer Frank Sleeper is taking a few days' rest. He is employed on the force in the Nickel Plate yards.

Henry Keil, time-keeper at the electric works, will go to Denver soon. He has been in poor health for several weeks.

W. A. Maddux, foreman of the Nickel Plate wreck crew, is taking a week's vacation, which he will spend at Rome city.

Fred Lenz, whose sad bereavement was noted last week, reported for duty at the Pittsburg blacksmith shop this morning.

Nickel Plate Engineer Michael McCarthy has taken a ten day's vacation, and left yesterday for Crestline, Ohio, his native city.

The new $2,000,000 union station at Pittsburg has been shelved for the present by the Pennsylvania, owing to a hitch in the plans.

As an economical measure the shops of the Vandalia at Effingham will be closed and all work will be done at the Terre Haute shops.

James Hamilton came home from western New York last Saturday and has reported for duty on the Nickel Plate. He is a brakeman.

Leon Slender, Nickel Plate fireman, fell off his cab step last Friday, and severely sprained one of his wrists. He will be unable to work for several days.

Cornell Morgenthaler and Charles Meyers, of the electric works, are taking a week's vacation. The former goes to Rome City and the latter to Hot Springs, Ark.

This is a busy week for the clerks at the Bass works. They are engaged in taking an inventory of the stock, preparatory to turning it over to the new firm August 1.

Walter Gerberding resumed his duties in the Pennsylvania freight office this morning. With his wife, Mr. Gerberding had been spending his vacation in Cincinnati.

The Pullman works were short of skilled workmen last week and agents of the company were out in search of men. They succeeded in finding them in Lafayette and South Bend.

Martin Didion, who had been employed for two or three years in the Pittsburg lumber yards, resigned there Saturday and this morning took a position in the Bass blacksmith shop.

Brakeman J. F. Leggett, of the Nickel Plate, has been transferred from the through to the local freight service. He has been assigned to a run between Knox and Stony Island.

J. H. Lobenberger is in a bad way physically. He is afflicted with stomach trouble, and has been unable to work for the past six weeks. He is employed as a car repairer by the Nickel Plate.

The Indianapolis division of the Brotherhood of Locomotive Engineers had a big picnic at Lafayette yesterday. The crowd, while it numbered over 1,000, was not as great as expected.

Dr. Welsh, of Grand Rapids, the expert color blind examiner, who has been examining the employes of the Grand Rapids and Indiana company, has finished that task and this morning left for his home.

On August 1 J. H. Hawthorn, master mechanic of the Erie shops at Huntington, will go to the Lehigh Valley road, and be succeeded by Master Mechanic Donahue, of the Erie shops at Meadville.

Louis Rehling, who collided with a wagon and broke the bone of his right thumb five weeks ago, resumed his place at the forge in the Pittsburg shops this morning. The injured member is still quite sore.

Passenger Conductor Ben Stonecifer, of the Lake Erie and Western, who has been ill for several days, is improving. Mr. Stonecifer is one of the oldest conductors on the "Monon" and he enjoys the confidence of the officials, as well as the good will of the patrons of the line, to a remarkable degree.

John Betz, who is employed in the lumber yards of Hoffman Brothers, was severely injured Saturday afternoon by falling from a tall pile of lumber. He was taken to his home, No. 50 Swinney avenue, where Dr. J. M. Dinnen examined him and found his injuries to consist of bruises about the arms and hips.

Several of the men who had been on the absentee list for the past week or two reported at the Pittsburg blacksmith shop this morning. Among them were Joseph Carry, Williard Brossard, Cas Lohmkuler, Ed Mennowish, John Connors and George Killen. All were sick except Mr. Killen, who was in Chicago.

On August 1 the freight claim department of the Pennsylvania lines west of Pittsburg will be established and concentrated at Pittsburg. At the last meeting of the executive officers of the Pennsylvania, Edward E. Wright was selected as head of the department, and he will be known as freight claim agent, having under him forty assistant claim agents and clerks.

Brown Brothers, who own 1,000 acres of land in the Kankakee marshes, have brought suit against the Monon railroad, alleging $50,000 damage to land by fire, having its origin in a spark from a locomotive. Other railway companies have suits pending in the courts in that section for similar damages. When the Kankakee becomes dry, its soil burns like tinder.

The strong eastern lines are seeking to effect a readjustment of conditions between themselves and the socalled differential lines. It is said that a common standard of time between Chicago and New York will be fixed, and that all trains making that time or slower will charge the same rate of fare, and all making better time pay a penalty for so doing by charging an excess of $1 an hour. The subject will probably come up before the eastern men at Niagara Falls next Monday.

NEW VICAR GENERAL.

Rev. John H. Guendling Installed Sunday Morning.

Rev. John H. Guendling, the new vicar general, was installed at the Cathedral yesterday morning, and the ceremonies were characterized by a solemnity befitting the occasion. The church was crowded with members of the congregation and others, and the altars were beautifully decorated. Solemn high mass was celebrated by the new vicar-general, the choir rendering a special musical program. The sermon was preached by Rev. Father C. B. Guendling. It was very brief, owing to the intense heat, consisting of a few remarks on the gospel of the day. In closing Father Guendling referred to his approaching departure from the field where he had labored for six years. He recalled briefly the years of his ministrations, and feelingly mentioned the many demonstrations of love and regard of which he had been the object, from the parishioners. He thanked the congregation for the many kindnesses extended, the assistance rendered him in the arduous duties of his holy office, and expressed the hope that his work among them had not been in vain, that some portion thereof, at least, would be blessed by the salvation of some souls. He asked their prayers for God's blessing on his future labors.

Bishop Rademacher made a few remarks in introducing the new vicar general, who will also be the rector of the Cathedral. The new vicar said that he felt the responsibility incumbent upon him in taking the position of the lamented Father Brammer, whose place, he said, could really never be supplied, but he hoped, by the help of God, to faithfully carry out the work allotted to him.

LIKE THE LAW.

Curfew Measure is Popular in Evansville.

Mayor and Chief of Police Say It is Effective and Not Difficult to Enforce.

Councilman G. R. Hench, of the First ward, has returned from Evansville, in which city he spent a day or two last week. While in the Ohio river city Councilman Hench obtained some information as to the workings of the curfew ordinance which recently went into effect there.

The ordinance was passed by an unanimous vote of the city council. Evansville, like Fort Wayne, has a very large per centage of citizens of German birth or extraction, but there is no evidence that such fact cut any figure in the matter of a curfew law. Germans in Evansville are as rational as Germans in Fort Wayne. There, as here, they are not seeking to make public concerns a matter of race prejudice.

Mayor Akin, says Mr. Hench, is an ardent advocate of the law, which, the mayor says, has worked admirably since it went into effect. The results were prompt and distinct.

Chief of Police Prickett likewise told Mr. Hench that the curfew measure was operating effectually for its intended purpose, and that it had the approbation of the entire police force, whose duties it made easier and far less annoying.

Upon a point that has been raised in Fort Wayne, Mr. Hench cites the opinion of the Evansville mayor and chief of police, and that is the cost of enforcing a curfew law. The Evansville officials declared it required no greater number of policemen to enforce the curfew law effectually than were required before that law was passed. The provisions of the curfew law gives the police specific authority to keep youngsters off the street after certain prescribed hours at night, and instead of having to devote time to watching suspicious boys without being authorized to deal with them, as previously was the case, they may compel roystering urchins to go home and remain there or abide the consequences. The same number of patrolmen as formerly is making the curfew law a success in Evansville.

Mayor Akin, who is a democrat, is a firm friend of the law and declares he would have no hesitancy in again officially approving such a law if it were presented to him.

THE LAWN SOCIAL.

The Hamilton Lots Will be a Place of Beauty.

Electric Lamps Will Furnish Light for the Occasion—City Band Will Furnish Music.

The lawn social for the members of companies B and G promises to be one of the most enjoyable occasions of the kind ever held in Fort Wayne. Mrs. Reese and Mrs. Fonner have completed arrangements with Manager Guild, of the Jenney Electric Light and Power company, to furnish the power, and the F. W. Edmunds Electric company will string the wires. The City band has agreed to furnish the music for the occasion. The Hamilton lawn will be filled with tables and chairs and half a hundred ladies will wait on the visitors. Donations of $5 each have been received from Miss Hamilton and C. D. Tillo, and promises of many other donations are made. Every indication is that the affair will equal the one given at the Alderman home last week. The Hamilton homestead is centrally located at the corner of Lewis and Clinton streets, and street cars pass by the gates. Everybody can come.

AT ROBISON PARK.

The Theatrical Bill is Fresh and New and the Best of the Season.

Large audiences were the rule both afternoon and evening at Robison park yesterday. The attendance in the afternoon was smaller than it would have been but for the rain which poured shortly after 1 o'clock. At the park, however, not a drop of rain fell all day and the breezes were delightful compared with the almost insufferable heat in the city. After the performance at the theater last night Manager Heilbroner was the recipient of numerous congratulations for the excellence of the performance presented. Aimeta, the electric dancer, gives a most wonderful exhibition—something entirely new and never before presented to a Fort Wayne audience. The cinematograph is also a feature and the war pictures are realistic and wonderful. The other acts are also up to the standard and there is not a lame number on the program. Manager Heilbroner says he is confident that the attendance at the park this week will exceed that of any week of the season.

LOCAL LINES.

Born, to Mr. and Mrs. Frank Petgen, of 91 West Creighton avenue—a girl.

H. Liechtmann has been given a permit to erect a $600 dwelling on lot No. 31 in White's Fifth addition.

E. A. Dittler left this morning for Toledo, where he will board the Detroit and Cleveland steamer for Mackinaw and the Soo.

Miss Anna Texter, who has been the guest of Miss Hannah Dittler for three weeks, returned to her home in Toledo yesterday morning.

Justice Harry F. France this morning united in marriage Harry H. Yates and Miss Addie France. The groom is known as "Andy" Yates and during last winter was the principal in several sparring exhibitions at the rooms of the Fort Wayne Athletic club.

Three young men raised a disturbance near the county jail last night and Sheriff Melching arrested two of them. They are lads well known about the city whose feet have strayed from the paths of virtue quite frequently. The lads have a chance to make men of themselves if they will brace up before it is too late.

The Sunflower club raised a pole at their camping grounds, two and one-half miles east of the city on the New Haven yesterday. The club is composed of the following seven gentlemen: Martin Aukenbruck, Martin Braun, Louis Kruse, William Scherer, Henry Hilgemann, Henry Barner and Henry Braun. Congressman J. M. Robison delivered the address, which was enthusiastically enjoyed by the members of the club.

Persons leaving the city for the summer can have THE SENTINEL sent to their address at 10 cents per week.

CONQUERS RHEUMATISM.

A New and Powerful Remedy That Cures the Disease.

Has Accomplished Many Wonderful Results in Chronic Cases.

Gloria Tonic, a specific for one disease has had a remarkably severe test in many chronic cases of rheumatism. So pronounced have been the cures that no doubt exists as to this remedy being nature's antidote for the peculiar malady. A resident of Harvard, Ills., Thomas Callahan, after suffering continuously for four years, was entirely cured and has been instrumental in making the remedy well known in his town, where it has become the standard cure for rheumatism.

Gloria Tonic is not a cure-all, but a specific for rheumatism only and in many hundreds of cases has never been a failure. No one can afford to doubt the wonderful success of this great remedy.

Testimonials and explanatory circular will be sent to those who write.

Gloria Tonic accomplishes these great cures by its peculiar action on the blood, driving out all poisonous acids and calculous deposits.

For sale by all druggists. Price $1.00 per box.

Prepared by John A. Smith, 213 Summerfield Church Building, Milwaukee, Wis.

In localities where Gloria Tonic has never been tried, a free sample package will be mailed prepaid upon application to Mr. Smith.

John Ley, of Ash Grove, Mo., and Frank Schmenk, of Avilla, who have been the guests of the Misses Schmenk, of West Jefferson street, returned to their homes yesterday.

Misses Lydia and Bertha Harris entertained a number of friends informally Saturday evening. The guests from abroad were Miss Lichtenberg, of Buffalo; M. Wagner and E. Lardock, of Milwaukee, and M. Henesly, of Cincinnati.

A party of young folks enjoyed a very pleasant outing Sunday at Miner's grove. A delicious dinner and refreshments were furnished by the ladies. The reception was given by the Misses Mertz in honor of Ralph Parker, of New Haven.

Word comes to the city that Lieutenant Will Kerr, of the Rifles, is very ill with typhoid fever, and that he has been in an unconscious condition for two or three days. He will probably be sent north to one of the hospitals away from the coast.

The fire laddies were called out twice Saturday afternoon to deal with the fire fiend that had started in the grass, having caught from sparks from an engine. The first run was made into Bloomingdale and the second into the eastern part of the city.

There should be better facilities for getting water at the artesian well at Swinney park. The pipes should be increased to twelve or fifteen and three or four cups should be placed at each spout. With only two places for drawing water a person is often compelled to wait five or ten minutes before his turn comes.

Miss Birdie Hirsh left today for a visit in Angola.

Mrs. E. Savercool and daughter Helen left Sunday for Chicago.

Miss Ida Hollister left yesterday for a two weeks' visit in Michigan.

Dr. J. W. Younge went to Kendallville on professional business today.

Mrs. Sokup and sons, Masters Charles and Clarence, who have been visiting at the country home of Mr. and Mrs. E. C. Kelsey, have returned to Grand Rapids.

Miss Laura B. Caldwell has returned from Muncie, where she spent a part of her vacation with friends. Ada Carver, of South Bend, is the guest of Miss Caldwell.

Miss Blanche Blickenstaff, of North Manchester, and Miss Nellie Robinson, of Bluffton, are the guests of Miss Edith Welsheimer. Tuesday evening Miss Welsheimer will give a picnic at Robison park for her guests.

Miss Tillie Klepper gave a bicycle run Friday in honor of Miss Brown, of Fort Worth, Texas. The run was made eight miles east of the city to the home of Mrs. George Shurden, where they spent the day. The party was chaperoned by Mrs. Davenport.

Sunday afternoon at No. 95 John street, Rev. A. W. Ballinger united in marriage A. W. Ireland, of this city and Ella Malcolm, one of Huntertown's most estimable and respected young ladies. The wedding was a very quiet affair, only a few of their many friends being present. Today Mr. and Mrs. Ireland will take a short tour east and will be gone for a week, when they will return and make their home in our city, where Mr. Ireland has lately purchased property.

Mr. and Mrs. Julius Kushnay, who reside at the corner of Montgomery and Monroe streets, were given a surprise Saturday evening, in which the guests numbered over fifty. The event was in honor of Mr. Kushnay, who passed another birthday Saturday. The early part of the evening was given over to cards, followed at 11 o'clock by a grand feast, which included all the delicacies of the season. Mr. Kushnay was presented with two boxes of fine cigars, a meerschaum pipe and a handsome rocking chair and his wife received a handsome silk dress.

The Lakeside Aid society will give a lawn social some time during the month of August for the benefit of the Fort Wayne soldier boys, and promises the public in return for their patronage, their best in the way of entertainment. Every residence on Columbia avenue between Loree street and the big bridge will be handsomely illuminated, and the pretty and spacious lawns lighted and furnished with seats. The ladies wish to await the return of Mr. and Mrs. Frank Stouder, upon whose co-operation they depend. They also hope the bands and musical societies will contribute to the success of the evening and to the aid and comfort of our boys in the field.

The ladies of the Bethany Presbyterian church will given an ice cream social at Swinney park on Friday, July 29. The band from the School for Feeble Minded Youth will furnish the music.

The Lakeside Aid society will hold its regular meeting at Robison park tomorrow afternoon. The ladies are requested to be at the home of Mrs. Hurlburd promptly at 1:15 to take the car for the park.

A call from box No. 63 called the fire department to the Bush store on Columbia street at 4 o'clock Sunday morning. The engineer was blowing out the tubes of the boiler and a man seated in front of the Randall hotel saw it and mistook it for smoke.

Frank Bogash, the driver, will leave for Cleveland tomorrow, where he goes to drive his namesake in the 2:05 pace next Friday afternoon. Practically the same field of horses will start as were in the 2:04 pace at Detroit. Chehalis is not in the race, however.

Rome City is preparing for a big lecture course. Some of the noted speakers of the country have been engaged. They have not only a large lecture course, but some of the eminent musicians of the country will be there. The ball will commence to roll Wednesday night.

Rev. J. F. Delaney, of St. Patrick's Catholic church, and Father Henry, formerly at the Cathedral, left this morning for a trip to the lakes in northern Michigan. Rev. Delaney has never enjoyed a vacation and his friends, who are legion, hope to see him recuperated from the present trip. The reverends will be gone at least ten days.

DEATHS AND FUNERALS.

Charles, the four-months-old son of Mr. and Mrs. Charles Hegerfeldt, died at the home of his parents, at 39 Hugh street, at 3 o'clock yesterday afternoon. The funeral took place at 2 o'clock this afternoon from the residence.

HOFFMAN.

The death of Alosius Hoffman occurred at the home of his parents, Mr. and Mrs. John Hoffman, at 32 Walton avenue, Sunday afternoon. The child was nine months old, and death was caused by cholera infantum. The funeral will occur at 2 o'clock Tuesday afternoon from the St. Mary's Catholic church.

THE SUTHERLANDS

Are Visitors in the City—Their Beautiful Hair Attracts Large Crowds.

The celebrated Sutherland sisters are in the city for the next two weeks and are located at the Gross & Pelless' drug store, corner of Calhoun and Wayne streets. They are here for the purpose of advertising their hair preparations of their own manufacture. These sisters are famous on account of the great length, thickness and quality of their hair, which is solely due to the use of their preparations. They will exhibit in the display window of the store showing the great length of their beautiful tresses, which is over seven feet.

Their preparations are standards, and are used for cleansing the scalp, promoting the growth and quality of the hair. Four years ago when in this city, they attracted much attention, and great benefits were derived from their remedies sold at that time.

Mr. and Mrs. E. H. Bookwalter have tendered their home to the members of Simpson M. E. church for a lawn social next Tuesday evening. The public is invited. Ice cream will be served for the many that favor them with a call. 23-3t
